Amerigon Incorporated 5462 Irwindale Avenue Irwindale, CA 91706

Information Statement Pursuant to Section 14C of the Securities Exchange Act of 1934

This Information Statement is provided by the Board of Directors of Amerigon Incorporated, a California corporation (the "Company" or "Amerigon"), to all holders of capital stock of the Company in connection with the shareholder approval obtained by written consent authorizing an amendment to the Company's Articles of Incorporation to effect an increase in the authorized number of shares of the Company's common stock, no par value (the "Common Stock"), to 30,000,000 (the "Amendment").

The Board of Directors and persons owning the majority of the outstanding capital stock of Amerigon have adopted, ratified and approved a resolution to effect the Amendment. In accordance with the regulations of the Securities and Exchange Commission (the "Commission"), the shareholders' consent will become effective approximately 21 days following the distribution of this Information Statement to the Company's shareholders. It is expected that the Amendment to the Articles of Incorporation will become effective on or about January 25, 2002.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU

ARE REQUESTED NOT TO SEND US A PROXY

The Company's principal executive office address is 5462 Irwindale Avenue, Irwindale, California 91706. This Information Statement will be mailed to the Company's shareholders on or about January 4, 2002.

On November 30, 2001, the Board of Directors approved, subject to shareholder approval, an Amendment to the Company's Articles of Incorporation to effectuate an increase in the authorized Common Stock from 20,000,000 shares with no par value to 30,000,000 shares with no par value. On December 7, 2001, the proposal was approved by the written consent of a majority of the Company's shareholders entitled to vote thereon. A copy of the proposed amendment to the Articles of Incorporation is attached to this Information Statement as Appendix A. The Company's Board of Directors has established a record date of November 30, 2001 for shareholder approval. As of that record date, the Company had outstanding 4,717,260 shares of Common Stock held by approximately 225 shareholders of record, and 5,673,134 shares of Common Stock issuable upon conversion of the Company's Series A Preferred Stock, held by two shareholders of record. The holders of 5,673,134 shares of the issued and outstanding Common Stock, upon conversion of the Series A Preferred Stock, representing approximately 56.2% of the votes entitled to be cast with regard to the Amendment, approved the Amendment by written consent.

There will not be a meeting of shareholders and none is required under the California Corporations Code ("CCC") because this action has been approved by the written consent of the holders of a majority of the outstanding shares of our Common Stock. Under Section 603 of the CCC, we are required to provide prompt notice of the taking of corporate action without a meeting to our shareholders of record who have not consented in writing to this action. This Information Statement is intended to provide you with the required notice.

AMENDMENT TO INCREASE NUMBER OF AUTHORIZED SHARES

The Board of Directors believes that it is advisable and in the Company's best interests to have available additional authorized shares of Common Stock in an amount adequate to provide for the Company's future needs. This will be achieved by increasing the number of authorized shares of Common Stock from 20,000,000 to 30,000,000. The Company may engage in a private offering of its securities in order to raise additional capital and carry out the Company's business objectives. However, the existing Articles of Incorporation of the Company do not authorize a sufficient number of shares of Common Stock to close any such offering and have a sufficient reserve of shares of Common Stock issuable upon conversion of Series A Preferred Stock. The Amendment will enable the Company to have a sufficient number of authorized shares of Common Stock to satisfy the conversion rights of the holders of Series A Preferred Stock.

In addition to any proposed private offering, the Company may from time-to-time consider acquisitions or other transactions which may require further issuance of shares of Common Stock. Currently, there are no definitive agreements at this time respecting any merger or consolidation with or acquisition of another business, or the sale or liquidation of the Company or its business. However, management believes that the increase in the number of authorized shares of Common Stock is in the best interest of the Company and its shareholders because additional shares of Common Stock will provide the Company with the ability to raise additional capital through a private offering.

Because of the Board of Directors' discretion in connection with an issuance of additional shares of Common Stock, the Board may, under certain circumstances, possess timing and other advantages in responding to a tender offer or other attempt to gain control of the Company, which may make such attempts more difficult and less attractive. For example, issuance of additional shares would increase the number of shares outstanding and could necessitate the acquisition of a greater number of shares by a person making a tender offer and could make such acquisition more difficult since the recipient of such additional shares may favor the incumbent management. Moreover, these advantages give the Board of Directors the ability to provide any such holders with a veto power over actions proposed to be taken by the holders of Common Stock. This could have the effect of insulating existing management from removal, even if it is in the best interest of the common shareholders. Management of the Company is not aware of any existing or threatened efforts to obtain control of the Company.

VOTE REQUIRED FOR APPROVAL

Section 902 of the CCC provides the procedures and requirements to effect an amendment to the Articles of Incorporation of a California corporation after shares have been issued. Pursuant to Sections 902 and 903 of the CCC, a proposed amendment to increase the aggregate number of authorized shares must be adopted by the Board of Directors and submitted to shareholders at a special or annual meeting and approved by a majority of the outstanding voting securities of the class of shares proposed to be increased.

Section 603 of the CCC provides that any action required to be taken at a special or annual meeting of the shareholders of a California corporation may be taken by written consent, in lieu of a meeting, if the consent is signed by holders of outstanding shares having not less than the minimum number of votes necessary to authorize any such action at a meeting at which all shares entitled to vote were present and voted.

The Board of Directors of Amerigon and persons owning and having voting power in excess of 50% of the outstanding voting securities of Amerigon have adopted, ratified and approved the change in the authorized shares of Amerigon. No further votes are required or necessary to effect the proposed amendment.

The securities that would have been entitled to vote if a meeting were required to be held to amend the Company's Articles of Incorporation consist of 4,717,260 shares of Common Stock and 5,373,134 shares of the Company's preferred stock outstanding on November 30, 2001, the record date for determining shareholders who would have been entitled to notice of and to vote on the proposed amendment to Amerigon's Articles of Incorporation.

ABSENCE OF DISSENTERS' RIGHTS

No dissenters' or appraisal rights are available to our shareholders under the CCC in connection with the Amendment.
