QUESTIONS AND ANSWERS

Q: What am I voting on?

A: You are being asked by the Board of Directors to vote on four items:

Proposal 1: The election of directors to the Board of Directors. The election is described on page 5 and information about the nominees can be found beginning on page 16.

Proposal 2: The ratification of the appointment of Grant Thornton LLP to act as the Company's registered independent accountants for the year ended December 31, 2012. The ratification is described beginning on page 6.

Proposal 3: A proposal to approve, on an advisory basis, the compensation of our named executive officers. This proposal is described beginning on page 7.

Proposal 4: A proposal to approve an amendment to the Amerigon Incorporated 2011 Equity Incentive Plan. This proposal is described beginning on page 8.

Q: How does the Board of Directors recommend I vote?

A: The Board of Directors recommends a vote

(i) **FOR** each of its nominees to serve on the Board of Directors;

(ii) **FOR** the ratification of the appointment of Grant Thornton LLP as our registered independent accountants for the year ending December 31, 2012;

(iii) **FOR** the approval, on an advisory basis, of the compensation of our named executive officers; and

(iv) **FOR** the approval of the proposed amendment to the Amerigon Incorporated 2011 Equity Incentive Plan.

Q: Who is entitled to vote?

A: Only holders of the Company's common stock at the close of business on the record date, April 5, 2012, are eligible to vote at the Annual Meeting.

Q: How do I vote?

A: Complete, sign and date each proxy card you receive and return it in the prepaid envelope so that we receive it before the meeting, or, if you are the registered owner of the shares on the record date, April 5, 2012, attend the meeting and vote in person.

Q: If I return a proxy card, can I revoke my proxy?

A: You have the right to revoke your proxy at any time before the meeting by notifying the Company of your revocation or by returning a later-dated proxy card to the Company. If you wish to revoke your proxy, notification or a later-dated proxy card must be sent to Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167, and received by Mr. Steele by 5:00 p.m. on May 9, 2012.

Your attendance at the meeting will not have the effect of revoking any proxy you have given unless you give written notice of revocation to Mr. Steele before the proxy is voted.

Q: How do I make sure my vote is counted?

A: Whether or not you plan to attend the meeting, complete, date and sign each proxy card you receive and return it as promptly as possible so it is received before the meeting. In the absence of instructions, shares represented by valid proxies will be voted as recommended by the Board of Directors.

[Table of Contents](#)

Q: What does it mean if I get more than one proxy card?

A: If your shares are registered differently or are in more than one account, you may receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted. Whenever possible, we encourage you to have all accounts registered in the same name and address. You can accomplish this by contacting our transfer agent, Computershare Limited, in writing at P.O. Box 43021, Providence, Rhode Island 02940 or (800) 962-4284.

Q: Can two or more shareholders sharing an address receive only one copy of proxy materials and Company's annual report in the future?

A: If you and another shareholder share an address, you can request that only one copy of all future deliveries of proxy materials and the Company's annual report be delivered to such address by contacting Computershare Limited at P.O. Box 43021, Providence, Rhode Island 02940 or (800) 962-4284. Alternatively, if you and another shareholder sharing an address are receiving only one copy of proxy materials or the Company's annual report but you wish to each receive separate copies of such items, contact Computershare Limited at the address or telephone number above. Upon request, the Company will promptly send you a separate copy of such materials.

Q: What vote is required for each of the seven proposals?

A: As of the record date, April 5, 2012, 29,548,163 shares of the Company's common stock were issued and outstanding. Each common stockholder is entitled to one vote for each share held. A quorum must be established before the voting may proceed. For a description of a "quorum," please see "What is a quorum?" below.

Proposal 1: With respect to the election of directors, the eight nominees who receive the most votes will be elected directors. Withheld votes and broker non-votes will have no effect on the outcome of the vote.

Proposal 2: The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to this proposal will be necessary to ratify the appointment of Grant Thornton LLP to act as our registered independent accountants for the year ended December 31, 2012. Abstentions will have no effect on the outcome of the vote.

Proposal 3: The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to this proposal will be necessary to approve, on an advisory basis, the compensation of our named executive officers. Abstentions and broker non-votes will have no effect on the outcome of the vote.

Proposal 4: The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to this proposal will be necessary to approve an amendment to the 2011 Amerigon Incorporated Equity Incentive Plan. Abstentions and broker non-votes will have no effect on the outcome of the vote.

Other Matters: If any other matter is properly submitted to the shareholders at the Annual Meeting, its adoption will generally require the affirmative vote of a majority of the votes cast at the Annual Meeting. The Board of Directors does not propose to conduct any business at the Annual Meeting other than as stated above.

Although there is no requirement that the appointment of Grant Thornton LLP be terminated if Proposal 2 fails, our Audit Committee will consider the appointment of other registered independent accounting firms if the shareholders choose not to ratify the appointment of Grant Thornton LLP.

Although the advisory vote in Proposal 3 concerning the compensation of our named executive officers is not binding on the Company, the Board of Directors and/or the respective Committee will take your vote into consideration in determining future activities.

Q: What is a "quorum"?

A: A "quorum" is a majority of the outstanding shares entitled to vote. In order to transact business at the Annual Meeting, a quorum must be present. For determining whether a quorum is present, shares

Table of Contents

represented at the Annual Meeting in person or by proxy are treated as present. Abstentions, withheld votes and broker non-votes will be counted in determining the number of shares present or represented by proxy in determining whether a quorum is present.

Q: Can I cumulate my votes for directors?

A: You can cumulate votes (*i.e.*, cast for any one or more candidates a number of votes greater than the number of your shares) for directors if (1) the nominee's or nominees' names you wish to vote for were placed in nomination prior to the commencement of voting and (2) you gave us notice of your intention to cumulate votes prior to the commencement of voting. As of the date of this Proxy Statement, we have not received notice from any shareholder that he, she or it intends to cumulate votes.

If you decide to cumulate your votes, and you comply with the requirements described above, you will be entitled to cast a number of votes equal to the number of shares you hold multiplied by eight (the number of directors to be elected). You may then decide to cast these votes for a single nominee or to distribute your votes among two or more nominees. If any shareholder cumulates votes for directors, every other shareholder will also be entitled to cumulate votes for directors.

Q: How will voting on any other business be conducted?

A: Although we do not know of any business to be considered at the Annual Meeting other than those items described in this Proxy Statement, if any other business is presented at the Annual Meeting, a signed proxy card gives authority to Daniel R. Coker, President and Chief Executive Officer of the Company, and Barry G. Steele, Secretary of the Company, to vote on such matters at their discretion, to the extent permitted by law. Specifically, proxies solicited by this Proxy Statement may be voted by Mr. Coker and Mr. Steele in favor of any motion to adjourn the Annual Meeting for a specific time or indefinitely.

Q: When are shareholder proposals for the 2013 Annual Meeting due?

A: All shareholder proposals and nominations to be considered for inclusion in next year's proxy statement and form of proxy must be submitted in writing to Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167 by December 17, 2012. We must receive notice at the same address by March 2, 2013 of all shareholder proposals and nominations to be presented at the 2013 Annual Meeting but not included in next year's proxy statement and form of proxy. If we do not have notice of the matter by that date, our form of proxy in connection with that meeting may confer discretionary authority to vote on that matter, and the persons named in our form of proxy will vote the shares represented by such proxies at their discretion. Any proposal must comply with federal securities laws.

Q: Who is soliciting my proxy?

A: This solicitation is being made by the Board of Directors on behalf of the Company.

Q: Is this Proxy Statement available on the Internet?

A: This Proxy Statement is available, free of charge, at the Company's website www.amerigon.com and at the following website: www.edocumentview.com/ARGN; however, the only means by which you are able to deliver your proxy is by dating and signing your proxy card and returning it as promptly as possible so it is received before the Annual Meeting.

Q: Who bears the cost of this proxy solicitation, and are there any paid solicitors?

A: The Company bears the entire cost of soliciting proxies in the enclosed form. We may supplement our solicitation of proxies by mail with telephone, e-mail or personal solicitation by our officers or other regular employees. In such case, we would expect our Chief Executive Officer and/or Chief Financial Officer to oversee such supplemental solicitation. We will not pay any additional compensation to any of our employees for their supplemental solicitation services. We estimate that we will incur approximately \$20,000 in costs to print our proxy materials. We have also hired Computershare Limited and Broadbridge Financial Solutions to assist in the distribution of proxy materials for total fees of approximately \$15,000, plus estimated out-of-pocket expenses of approximately \$5,000. We also reimburse brokerage houses and other custodians, nominees and fiduciaries upon request for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

MATTERS TO BE VOTED ON

Proposal 1: Election of Directors

There are eight nominees for election to the Board of Directors of the Company:

Francois J. Castaing
Daniel R. Coker
Sophie Desormière
John M. Devine
James D. Donlon, III
Maurice E.P. Gunderson
Oscar B. Marx III
Carlos Mazzorin

Information about each nominee can be found beginning on page 16.

Vote Required

With respect to the election of directors, the eight nominees who receive the most votes will be elected directors. Withheld votes and broker non-votes will have no effect on the outcome of the vote.

The Board of Directors unanimously recommends a vote FOR each of the nominees.

Proposal 2: Ratification of Appointment of Grant Thornton LLP

Our Audit Committee has appointed Grant Thornton LLP as our registered independent accounting firm for the year ending December 31, 2012, and the Board of Directors and the Audit Committee recommend that the shareholders ratify this appointment.

Although there is no requirement that the appointment of Grant Thornton LLP be terminated if the ratification fails, the Audit Committee will consider the appointment of other registered independent accounting firms if the shareholders choose not to ratify the appointment of Grant Thornton LLP. The Audit Committee may terminate the appointment of Grant Thornton LLP as our registered independent accounting firm without the approval of shareholders whenever the Audit Committee deems such termination appropriate.

Grant Thornton LLP, acting as our independent accountants, has reported on our December 31, 2011 financial statements in our 2011 Annual Report, which was filed with the SEC on Form 10-K on March 15, 2012, and have served as our independent accountants for five years. A representative of Grant Thornton LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement at the meeting if he or she desires to do so. The representative will also be available to respond to appropriate questions.

It is the Audit Committee's policy and practice to review and approve in advance all services, audit and non-audit, to be rendered by the Company's independent auditor. The Audit Committee does not delegate this responsibility or any other committee function to Company management.

Fees billed by Grant Thornton LLP for 2011 and 2010 (in thousands), all which were approved by the Audit Committee in accordance with its established policies and procedures, were as follows:

	<u>2011</u>	<u>2010</u>
Audit Fees	\$ 705	\$215
Audit-Related Fees	183	5
Tax Fees	35	—
All Other Fees	454	6
	<u>\$1,377</u>	<u>\$226</u>

The Company's independent auditor does not generally provide tax compliance, tax advice and tax planning services to the Company. A separate firm has been engaged by the Company to provide such services. However, during 2011, our independent auditors were engaged to provide an analysis of the tax implications of our acquisition of W.E.T. Automotive Systems AG. The Other Fees paid to our independent auditor during 2011 relate to due diligence in connection with the Company's acquisition of W.E.T. Automotive Systems AG.

Vote Required

The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to this proposal will be necessary to ratify the appointment of Grant Thornton LLP to act as our registered independent accountants for the year ended December 31, 2012. Abstentions will have no effect on the outcome of the vote.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of Grant Thornton LLP as our registered independent accountants for the year ending December 31, 2012.

Proposal 3: Advisory Vote on Named Executive Officer Compensation

Our Board of Directors requests that shareholders provide advisory, non-binding, approval of the compensation of our named executive officers, as disclosed in this Proxy Statement in accordance with the SEC's rules (commonly known as a "say-on-pay" proposal). We recognize the interest our shareholders have in the compensation of our executives and we are providing this advisory proposal in recognition of that interest and as required by the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act. In a non-binding advisory vote on the frequency of the say-on-pay proposal held at our 2011 annual meeting of shareholders, shareholders voted in favor of holding say-on-pay votes annually. In light of this result and other factors considered by the Board, the Board has determined that the Company will hold advisory say-on-pay votes on an annual basis until the next advisory vote on such frequency.

As described in detail under the heading "Executive Compensation – Compensation Discussion and Analysis," beginning on page 33, our named executive officer compensation program is designed to attract, motivate, and retain our named executive officers, who are critical to our success, and ensure alignment of the interests of such persons with our shareholders. Under this program, our named executive officers are rewarded for their service to the Company, the achievement of specific performance goals and the realization of increased shareholder value. We believe our named executive officer compensation programs also are structured appropriately to support our business objectives, as well as to support our culture. The Compensation Committee regularly reviews the compensation programs for our named executive officers to ensure the fulfillment of our compensation philosophy and goals.

Please read the "Executive Compensation – Compensation Discussion and Analysis," beginning on page 33, and the named executive officer compensation tables, beginning on page 37, for additional details about our named executive officer compensation program.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our shareholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the SEC, including the Executive Compensation – Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. We value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Vote Required

The affirmative vote of a majority of the votes cast at the Annual Meeting with respect to this proposal will be necessary to approve, on an advisory basis, the compensation of our named executive officers. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The Board of Directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC.

Proposal 4: Approval of an amendment to the Amerigon Incorporated 2011 Equity Incentive Plan

The stockholders are being asked to approve an amendment (the “Amendment”) to the Amerigon Incorporated 2011 Equity Incentive Plan (the “2011 Plan”). The Amendment, if so approved, would (1) increase the maximum number of shares of common stock that may be issued pursuant to Awards (defined below), including Full Value Awards (as defined below), granted under the plan by 2,000,000, from 850,000 to 2,850,000, and (2) increase the number of shares of common stock that may be issued pursuant to Full Value Awards granted under the plan by 200,000, from 50,000 to 250,000.

The 2011 Plan permits the granting of the following types of “Awards”: (1) stock options, including both nonqualified options and incentive options (“Options”), (2) stock appreciation rights (“SARs”), (3) restricted stock and restricted stock units (“RSUs”), (4) performance-based shares (“Performance Shares”), and (5) other awards which are denominated or payable in, valued by reference to, or otherwise based on our common stock, including rights to make an outright purchase of unrestricted or restricted stock (“Other Stock-Based Awards”). Awards may only be issued to key employees, outside directors, consultants and advisors of the Company and its subsidiaries. Awards of RSUs, Performance Shares and Other Stock-Based Awards are referred to as “Full Value Awards.” Unlike Options and SARs, a recipient of a Full Value Award receives, in most cases, the entire value of the underlying shares at the time the Award is granted. Awards of Options and SARs, on the other hand, typically provide the recipient with value only upon an increase in the market price of the underlying shares. The Amerigon Incorporated 2006 Equity Incentive Plan (the “2006 Plan”) contains substantially identical grant provisions.

The Board of Directors believes that it is in the best interest of the Company and its shareholders for the Company to be in a position to offer Awards to key employees, outside directors, consultants and advisors in accordance with the terms of the Plan. Such Awards provide incentive to such key individuals to make significant and extraordinary contributions to our long-term performance and growth. In addition, such awards align the interests of key employees, outside directors, consultants and advisors with the interests of our shareholders and help us attract and retain key individuals with exceptional ability. As of April 5, 2012, there remained 436,686 shares available for Awards granted under the Company’s equity incentive plans (12,686 shares under the 2006 Plan and 424,000 shares under the 2011 Plan). Of those shares available for Awards, a total of 57,524 are available to be issued as Full Value Awards (7,524 shares under the 2006 Plan and 50,000 shares under the 2011 Plan). No shares are available for issuance under any other equity incentive plan of the Company. The Amendment, if approved, would (1) increase the number of shares of common stock available for issuance pursuant to new Awards under the 2011 Plan by 2,000,000, so that, if the Amendment had been approved as of April 5, 2012, a total of 2,436,636 shares would have been available for issuance pursuant to Awards under the Company’s equity incentive plans as of such date, and (2) increase the number of shares of common stock that may be issued pursuant to new Full Value Awards granted under the 2011 plan by 200,000, so that, if the Amendment had been approved as of April 5, 2012, a total of 257,524 shares would have been available for issuance pursuant to new Full Value Awards under the Company’s equity incentive plans as of such date. The Board of Directors believes that the proposed increase in shares available for new Awards is necessary and appropriate. The Board of Directors also believes that a limitation on the number of future Full Value Awards is an appropriate means to ensure that such awards are utilized judiciously.

The full text of the Plan, as amended to date (but not reflecting the Amendment being proposed) is set forth on Appendix A to this Proxy Statement. The major features of the Plan are summarized below, but each shareholder should review the Plan itself for a full understanding of its contents.

Administration; Plan Participants

The Plan authorizes the Compensation Committee to interpret the Plan, to promulgate, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for its administration. Unless otherwise determined by the Board of Directors, the Compensation Committee’s determinations and interpretations under the Plan will be binding on participants. Under the Plan, the Company

[Table of Contents](#)

has agreed to indemnify the Compensation Committee members for reasonable expenses incurred in connection with the defense of any action, suit or proceeding involving any action or failure to act with respect to the Plan (other than matters where the Compensation Committee member is determined to have acted in bad faith).

Participants are chosen by the Compensation Committee from among those individuals who are or who become key employees (including officers and directors), outside directors, consultants and advisors who, in the judgment of the Compensation Committee, are or will become responsible for the Company's direction and financial success. The Compensation Committee determines those eligible participants or classes of participants to be granted Awards, the type of Award and the amounts, terms and conditions of the Awards.

Amendment or Termination of the Plan

The Plan may be terminated or amended at any time by the Board of Directors. Unless sooner terminated, the Plan will terminate on March 22, 2021 (10 years after its adoption by the Board of Directors), and no Awards may be awarded under the Plan thereafter. The termination of the Plan will not affect the validity of any Award outstanding on the date of termination.

For purposes of conforming to any changes in applicable law or governmental regulations, or for any other lawful purpose, the Board of Directors has the right, with or without approval of the Company's shareholders, to amend or revise the terms of the Plan at any time; however, no such amendment or revision can (i) with respect to the Plan, increase the maximum number of shares in the aggregate which are subject to the Plan or with respect to which Awards may be made to individual participants (other than anti-dilution adjustments), materially change the class of persons eligible to be participants under the Plan or establish additional and different business criteria on which performance share goals are based without approval or ratification of the Company's shareholders; or (ii) with respect to an Award previously granted under the Plan, except as otherwise specifically provided in the Plan, alter or impair any such Award without the consent of the holder thereof.

Maximum Awards

Subject to adjustment as described below, and without giving effect to the proposed amendment, Awards may be granted for a maximum of 850,000 shares of common stock during the term of the Plan, of which no more than 50,000 may be Full Value Awards. Under the Plan, if any shares subject to any Award are forfeited, or if any such Award terminates without the delivery of shares or other consideration, the shares previously used or reserved for such Awards will be available for future Awards. The aggregate fair market value (determined at the time an incentive option is granted) of shares with respect to which incentive options are exercisable for the first time by any individual during any calendar year cannot exceed \$100,000. The amount of cash and the value of any property paid to any individual during any calendar year in settlement of a Performance Share cannot exceed \$1,000,000.

The Compensation Committee, in its discretion, may adjust the number of shares which may be made the subject of new Awards or are then subject to outstanding Awards, the option price with respect to each outstanding stock option, the grant value with respect to outstanding SARs, the aggregate number of shares available at any time under the Plan to reflect such events as a stock split, stock dividend, or other extraordinary corporate event. As of April 5, 2012, Awards have been granted under the Plan which have resulted in the issuance of or provide for the potential issuance of a net of 426,000 shares of common stock, none of which were Full Value Awards. The total number of Awards that may be granted under the Plan cannot presently be determined. In addition, nothing in the Plan prevents the Company from adopting or continuing in effect other or additional compensation arrangements.

Table of Contents

Awards

Awards granted under the Plan will be evidenced by a written agreement between the Company and each participant, which will be in accordance with the Plan and may contain restrictions and limitations that do not violate the terms of the Plan. Subject to the terms of the Plan, the Compensation Committee may grant a participant one or more of the following Awards and any combination thereof:

Stock Options and SARs

The Compensation Committee in its discretion may grant either incentive options meeting the definition of incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (“Code”) or nonqualified options not meeting such definition, or any combination of incentive and nonqualified options. The option price for incentive options may not be less than 100% (110% for a participant owning 10% or more of our voting stock) of the fair market value of the common stock on the grant date. The option price for nonqualified options may not be less than 100% of the fair market value of the common stock on the grant date. Incentive options may only be granted to an employee of the Company or any of the subsidiaries in which the Company owns directly or indirectly 50% or more of the combined voting power of all classes of its stock.

SARs may be granted in conjunction with or independent of any stock option granted under the Plan. A SAR granted in conjunction with a stock option may either be an alternative right or an additional right. The exercise of a SAR granted as an alternative right will terminate the stock option to the extent of the number of shares with respect to which the SAR is exercised and vice versa. For SARs granted as an additional right, both the SAR and the stock option may be exercised. Upon exercise of a SAR, a participant is generally entitled to receive an amount equal to the difference between the fair market value of the shares with respect to which the participant exercises the SAR at the time of grant and the fair market value of the shares with respect to which the participant exercises the SAR at the time of exercise. This amount may be payable in cash or shares of common stock or any combination thereof.

Incentive options and related SARs are generally nontransferable by a participant other than by will or the laws of descent and distribution. Stock options and SARs will be exercisable, during the lifetime of the participant, only by the participant. However, the Compensation Committee in its discretion may permit the transfer of a nonqualified option or any related or independently granted SAR.

At the time of exercise, the option price for the exercise of options must be paid in full in cash or, with the consent of the Compensation Committee, in common stock. In the discretion of the Compensation Committee, payment may also be made by (i) the Company retaining from the shares to be delivered upon exercise of the option that number of shares having the fair market value on the date of exercise equal to the option price, (ii) by delivery of irrevocable instructions to a stock broker to promptly deliver to the Company full payment of the option price of the shares so purchased from the proceeds of the stock broker’s sale of, or loan against, such shares (a “Regulation T Stock Option Exercise”), or (iii) if the Company has a stock repurchase program in effect, by requesting that the Company repurchase and retain the repurchase price for the number of shares having a fair market value equal to the option price.

Restricted Stock Awards or RSUs

The Compensation Committee may grant restricted stock or RSUs to a participant. Restricted stock and RSUs are nontransferable and will have an established restriction period that may differ for each participant and with respect to all or any portion of the same Award. Participants are entitled to all dividend and voting rights with respect to restricted stock. A participant will have no stock ownership interest as a result of being granted RSUs, but may, in the discretion of the Compensation Committee, receive dividend equivalents on such units. The Compensation Committee may make performance-based restricted stock or RSU awards that condition release of the restrictions on the attainment of one or more performance goals during the restricted period in addition to or in lieu of conditioning the release of restrictions on the continued employment of the participant.

Table of Contents

The performance goals applicable to a performance-based restricted stock or RSU award must be based on the same criteria as are applicable to Performance Shares permitted under the Plan. Accordingly, the standards must be based upon free cash flow, cash flow return on investment, stock price, market share, sales, revenues, earnings per share, return on equity, total shareholder return, costs, net income, working capital turnover, inventory or receivable turnover and/or margins of our company, or any of our subsidiaries, divisions or units. The Compensation Committee, in its discretion, will establish the specific targets and other details of any performance goals. A performance goal must, however, be objective so that a third party with knowledge of the relevant facts could determine whether the goal has been attained. The performance goals applicable to a performance-based restricted stock or RSU award must be established by the Compensation Committee in writing on or before the date the award is made and while the outcome of the performance goals is substantially uncertain. Unless otherwise determined by the Compensation Committee in the case of a participant who dies or becomes permanently disabled, the restrictions applicable to performance-based restricted stock or RSU awards will lapse only after attainment of the performance goals during the restricted period and written certification by the Compensation Committee that the performance goals and any other material term of the award have been attained or satisfied. If the performance goal has not been attained by the end of the restricted period, the performance-based restricted stock or RSUs will be forfeited. At the expiration of the restriction period, (i) with respect to restricted stock, the Company will deliver stock certificates to the participant or the legal representative of the participant's estate or, if the shares were previously issued with a legend, the Company will reissue certificates without the legend, and (ii) with respect to RSUs, the Company will pay a participant an amount equal to the fair market value of that number of shares to which such RSU relates. In the discretion of the Compensation Committee, the amount paid with respect to an RSU may be paid in cash, common stock, other property or any combination thereof and may be paid in a lump sum or in installments, currently or on a deferred basis with provision for the payment or crediting of a dividend equivalent or a reasonable rate of interest on installment or deferred payment; provided, however, that the amount of cash and the value of any other property paid to a participant during any calendar year in settlement of a performance-based RSU may not exceed \$1,000,000.

Automatic Director Restricted Stock

The Plan provides for each non-employee director (referred to herein as an "outside director") first elected or appointed to the Corporation's Board after December 1, 2011 to be automatically granted an award of a number of shares of restricted common stock equal to (i) \$4,167, multiplied by (ii) the number of full months between the date of such election or appointment and the first anniversary of the last completed annual meeting of the Corporation's stockholders, and divided by (iii) the closing price of the Corporation's common stock on such date. In addition, on the date of each annual meeting of the Corporation's stockholders each outside director then in office is automatically granted an award of a number of shares of restricted common stock equal to \$50,000 divided by the closing price of the Corporation's common stock on such date. The restricted period with respect to each share of restricted stock granted to outside directors pursuant to the foregoing ("Automatic Director Restricted Stock") lapses on the date of the annual meeting of stockholders held during the calendar year following the date of grant or, if earlier, on the first anniversary of the date of grant, in each case so long as the applicable director remains a director through such date. Such shares of Automatic Director Restricted Stock are forfeited if the applicable director ceases to be a director prior to the date the restrictions with respect to such restricted stock are to lapse, except that if an outside director's services as a member of the Board terminates because of (1) total disability, (2) death or (3) retirement on or after age 65 and after at least ten years of service as a member of the Board, then all restrictions with respect to such restricted stock immediately lapses upon the occurrence of such event.

Performance Shares

The Compensation Committee may grant to a participant the right to obtain Performance Shares. Unless otherwise determined by the Compensation Committee, rights to obtain Performance Shares are nontransferable. A participant's right to obtain Performance Shares will be subject to the attainment of one or more pre-established

Table of Contents

performance goals over a performance period prescribed by the Compensation Committee. The performance goal will be established in writing no later than the earlier of 90 days after the start of a performance period or expiration of the first 25% of the performance period and while the outcome of the performance goal is substantially uncertain. The performance goals must be based on the following business criteria: free cash flow, cash flow return on investment, stock price, market share, sales, revenues, earnings per share, return on equity, total shareholder return, costs, net income, working capital turnover, inventory or receivable turnover and/or margins of our company, or any of our subsidiaries, divisions or units. The Compensation Committee, in its discretion, will establish the specific targets and other details of the performance goal. A performance goal must, however, be objective so that a third party with knowledge of the relevant facts could determine whether the goal has been attained. The performance goal must prescribe an objective formula or standard under which a third party could compute the number of Performance Shares issuable to a participant. Unless otherwise determined by the Compensation Committee in the case of a participant who dies or becomes permanently disabled, the Performance Shares will be issued to a participant only after the expiration of the performance period and the Compensation Committee has certified in writing that the performance goal and any other material terms of the Award have been satisfied. No participant will have the rights of a shareholder with respect to Performance Shares until their actual issuance. In the discretion of the Compensation Committee, (i) a participant may defer the receipt of a performance share until a later time, and (ii) all or any portion of a performance share Award may be settled by payment of cash or other property in an amount not to exceed \$1,000,000.

Other Stock Based Awards

The Compensation Committee may grant participants other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of common stock as are deemed by the Compensation Committee, in its discretion, to be consistent with the purpose of the Plan, provided that such grants must comply with applicable law. Without limitation, the Compensation Committee may permit a participant to make a current, outright purchase of common stock, which shares may or may not be subject to any restrictions or conditions, for a price equal to, less than or greater than the then fair market value of the common stock, with the price payable by the participant in such form and manner and at such time as determined by the Compensation Committee in its discretion.

Federal Income Tax Consequences

The rules governing the tax treatment of Options, SARs, restricted stock awards, RSUs, Performance Shares and Other Stock-Based Awards, including treatment of stock acquired upon the exercise of an Option or SAR, and the receipt or release from restriction of Performance Shares or other shares, are quite technical. Therefore, the description of the tax consequences set forth below is necessarily general in nature and does not purport to be complete. Moreover, the statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. Finally, the tax consequences under applicable state and local income tax laws may not be the same as under the federal income tax laws.

Incentive options granted pursuant to the Plan are intended to qualify as “incentive stock options” within the meaning of Section 422 of the Code. If the participant makes no disposition of the shares acquired pursuant to exercise of an incentive option within one year after the transfer of shares to such participant and within two years from the grant of the option, the participant will realize no taxable income as a result of the grant or exercise of such option, and any gain or loss that is subsequently realized may be treated as long-term capital gain or loss, as the case may be. Under these circumstances, the Company will not be entitled to a deduction for federal income tax purposes with respect to either the issuance of such incentive options or the transfer of shares upon their exercise.

If shares subject to incentive options are disposed of prior to the expiration of the above time periods, the participant will recognize ordinary income in the year in which the disqualifying disposition occurs, the amount of which will generally be the lesser of (i) the excess of the market value of the shares on the date of exercise

[Table of Contents](#)

over the option price, or (ii) the gain recognized on such disposition. In general, such amount will be deductible by the Company for federal income tax purposes in the same year, as long as the amount constitutes reasonable compensation. In addition, the excess, if any, of the amount realized on a disqualifying disposition over the market value of the shares on the date of exercise will be treated as capital gain.

A participant who acquires shares by exercise of a nonqualified option generally realizes, as taxable ordinary income at the time of exercise, the difference between the exercise price and the fair market value of the shares. In general, such amount will be deductible by the Company in the same year, provided that the amount constitutes reasonable compensation and the Company satisfies certain federal income tax withholding requirements. Subsequent appreciation or decline in the value of the shares on the sale or other disposition of the shares will generally be treated as capital gain or loss.

A participant generally will recognize ordinary income upon the exercise of a stock appreciation right in an amount equal to the amount of cash received and the fair market value of any shares received at the time of exercise, plus the amount of any taxes withheld. Such amount will ordinarily be deductible by the Company in the same year as long as the amounts constitute reasonable compensation and the Company satisfies certain federal income tax withholding requirements.

A participant who is granted a restricted stock award under the Plan is not required to include the value of such shares in ordinary income until the first time such participant's rights in the shares are transferable or are not subject to substantial risk of forfeiture, whichever occurs earlier, unless such participant timely files an election under Section 83(b) of the Code to be taxed on the receipt of the shares. A participant who is granted RSUs under the Plan is not required to include the value of such RSUs in ordinary income until such time the value of the RSUs is paid to the participant in cash or stock. In the case of either restricted stock or RSUs, the amount of such income will be equal to the fair market value of the shares or RSUs at the time the income is recognized. The Company will ordinarily be entitled to a deduction, in the amount of the ordinary income recognized by the participant, at the same time the participant recognizes such income, as long as the amount constitutes reasonable compensation and the Company satisfies certain federal income tax withholding requirements.

A participant who is granted a performance share Award will generally not recognize any income upon the grant of the Award. The participant will generally recognize as ordinary income the fair market value of the shares transferred upon receipt of the shares by the participant after the completion of the performance period and the attainment of the performance goal, and the Company will generally be entitled to a deduction equal to the fair market value of the shares transferred to the participant at that time as long as the amount constitutes reasonable compensation and the Company satisfies certain federal income tax withholding requirements.

A participant who is permitted to make an outright purchase of unrestricted common stock will recognize ordinary income at the time of purchase if and to the extent the purchase price is less than the fair market value of the common stock on the date of purchase. A participant who is permitted to make an outright purchase of restricted common stock, depending on the nature of the restrictions, will recognize ordinary income at the time the restrictions lapse if and to the extent the then value of the common stock exceeds the price paid by the participant, unless the participant makes an election under Section 83(b) of the Code to measure and recognize any income at the time of purchase. The Company will be entitled to a corresponding deduction equal to the amount of any ordinary income recognized by a participant who makes an outright purchase of common stock, at the time the participant recognizes the ordinary income, provided that such amount constitutes reasonable compensation and the Company satisfies certain federal income tax withholding requirements.

Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent such compensation exceeds \$1,000,000. For this purpose, a covered employee means the Company's principal executive officer and the Company's three highest compensated officers (other than the principal executive officer and the principal financial officer). It is possible

[Table of Contents](#)

that compensation attributable to Awards under the Plan to a covered employee, when combined with all other types of compensation received by the covered employee from the Company, may cause this limitation to be exceeded in any particular year. Certain types of compensation, however, including so-called “performance-based compensation,” are disregarded for purposes of the deduction limitation. Compensation attributable to stock options and SARs awarded under the Plan that have an exercise price or base amount not less than the fair market value of the common stock on the grant date should qualify as performance-based compensation under the Plan. Compensation attributable to Performance Shares, performance-based restricted stock awards and performance-based RSUs has also been structured to qualify for the performance-based compensation exclusion to the \$1,000,000 deduction limitation.

Withholding Payments

If, upon the grant, exercise, release of restrictions or settlement of or in respect of an Award, or upon any other event or transaction under or relating to the Plan, the Company must pay amounts for federal income or employment tax withholding, in the Compensation Committee’s discretion, either the Company will appropriately reduce the amount of stock, cash or other property to be paid to the participant or the participant must pay such amount to the Company to enable the Company to pay, or reimburse the Company for paying, such income or employment tax withholding. The Compensation Committee may, in its discretion, permit the participant to satisfy such withholding obligations (i) by, in whole or in part, electing to reduce the number of shares of common stock delivered or deliverable by the Company in respect of an Award, (ii) by electing to tender common stock back to the Company subsequent to receipt of such shares in respect of an Award, (iii) in the case of a Regulation T Stock Option Exercise, by irrevocably instructing the stock broker to promptly deliver (in addition to the option price) an amount equal to such withholding tax from the proceeds of the stock broker’s sale of or loan against some or all of the shares, or (iv) if the Company has a stock repurchase program in effect, by requesting that the Company repurchase (and retain the repurchase price of) that number of shares issuable or issued under the Plan having a then fair market value equal to the amount of withholding tax due. The Company also may withhold the amount of such taxes from any other sums or property due or to become due to the participant. The Company may also defer issuance of shares under the Plan until payment by the participant to the Company of the amount of any such tax. The Compensation Committee may make such other arrangements with respect to income or employment tax withholding as it may determine.

Section 409A

Section 409A, added to the Code at the end of 2004 by the American Job Creation Act of 2004, makes significant changes to the historic tax treatment of certain types of deferred compensation. Failure to comply with the requirements of Section 409A of the Code could result in current income of amounts otherwise deferred, along with interest and a significant tax penalty. Certain types of equity-based compensation are exempt from Section 409A. We intend to operate the Plan so that all grants under the Plan are exempt from or comply with Section 409A. The tax discussion above assumes that the Plan is in fact operating in this manner.

The foregoing general tax discussion is intended for the information of shareholders considering how to vote with respect to this proposal and not as tax guidance to participants in the Plan. Different tax rules may apply to specific participants and transactions under the Plan.

Accounting Treatment

Under FASB Statement No. 123 (revised 2004), Share-Based Payment (“FAS 123R”), the Company is required to measure the cost of employee services received in exchange for share-based payments, including stock options, SARs, restricted stock awards and RSUs, in the financial statements based on the grant-date fair value of the award. For purposes of determining the amount of compensation costs to be recognized, the fair value of an award at its grant date is estimated using various factors and assumptions that include the exercise price of the awards, the market price of the underlying common stock, the expected term of the award, expected volatility of the Company’s stock and other factors. That cost will be recognized over the period during which an

[Table of Contents](#)

employee is required to provide service in exchange for the award (the “vesting” period). No compensation cost is recognized if the employee does not render the requisite service and, therefore, such options are forfeited prior to their vesting.

Proposed Amendment

The Amendment would, subject to the adjustment described under “Maximum Awards” above with respect to such events as a stock split, stock dividend, or other extraordinary corporate event, increase in the maximum number of shares which may be issued pursuant to Awards under the Plan from 850,000 shares of common stock to 2,850,000 shares of common stock. The market value of the additional 2,000,000 shares of common stock that would be added to the maximum number of shares which may be issued pursuant to Awards under the Plan is \$31,660,000, as of April 5, 2012. The amendment would also increase the maximum number of Awards that can be issued as Full Value Awards by 200,000 to 250,000.

Interests of Directors and Executive Officers; New Benefits Under the Plan Resulting from Amendment

All executive officers, non-executive directors, non-executive officers and employees who are deemed to be “key employees” under the Plan are and will continue to be eligible for Awards under the Plan if the proposed Amendment is adopted. In addition, each current outside director is eligible to receive Automatic Director Restricted Stock under the Plan and will continue to be eligible if the proposed Amendment is adopted. Consequently, each current director and each current executive officer has a personal interest in the approval of the Amendment because, if the Amendment is approved, the current directors and the current executive officers will be eligible to receive additional Awards under the Plan. However, the actual benefit and number of shares to be issued to the directors, executive officers, non-executive officers and other employees as a result of the Amendment cannot be determined at this time because new Awards that are not permitted if the Amendment is not approved by the shareholders have not been determined or granted and are not determinable using an objective formula. Similarly, the benefits or amounts that would have been awarded to directors, executive officers, non-executive officers and employees during the fiscal year ending December 31, 2011, if the Amendment had been in effect during such period, are also not determinable.

CORPORATE GOVERNANCE INFORMATION

Board Meetings and Attendance by Directors

During 2011, four regular meetings and two special meetings of the Board of Directors were held. The Board of Directors also acted by unanimous written consent from time to time. Each director attended 75% or more of the total number of Board of Directors' meetings and 75% or more of the total number of meetings held by all committees on which he served.

Annual Meeting of Shareholders and Attendance by Directors

The Board of Directors has adopted the following policy with regard to director attendance at annual meetings:

Members of the Board of Directors are strongly encouraged to attend the Company's annual meeting of shareholders in person. If attendance in person is not possible, members of the Board of Directors are strongly encouraged to attend the Company's annual meeting of shareholders via telephone or similar communication equipment. The Board of Directors will use reasonable efforts to schedule the annual meeting of shareholders on such a date so as to maximize the attendance of its members.

At the 2011 Annual Meeting of Shareholders, all seven then-current Board members were in attendance either in person or by telephone.

Independence of the Board of Directors

Upon consideration of the criteria and requirements regarding director independence set forth in rules promulgated by Nasdaq, the Board of Directors has determined that, upon election of the above nominees for director, a majority of the members of the Board of Directors will be "independent directors" as such term is defined in Nasdaq listing requirements. Specifically, the Board of Directors has determined that Directors Castaing, Desormière, Devine, Donlon, Gunderson, Marx and Mazzorin each meet such criteria and requirements. The foregoing directors are sometimes referred to herein as the "Independent Directors."

The Independent Directors meet in a separate executive session immediately following each regular meeting of the Board of Directors or, if such a meeting is not possible, then within a reasonable period of time thereafter. In addition, the Independent Directors hold additional meetings periodically as deemed necessary or appropriate.

Nominating Committee

The Board of Directors has established a Nominating Committee, which consists of all of the Independent Directors. All members of the Nominating Committee participated in determining this year's nominees for election to the Board of Directors at the only meeting of the Nominating Committee held during the year. Except for Ms. Desormière and Mr. Donlon, all nominees for election to the Board of Directors are current members of the Board of Directors and are standing for re-election.

The Board of Directors has adopted a written charter for the Nominating Committee, a current copy of which is available to shareholders at the Company's website, at www.amerigon.com under the link "About"; a copy may also be obtained free of charge by delivering written request to: Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167.

The Board of Directors has determined it is important that the Company have, as directors, individuals that have significant experience in the industries in which the Company operates or the technologies the Company utilizes. Because the above qualifications are sufficient to identify the relatively limited number of individuals that might be qualified to be directors, the Board of Directors has determined that no additional formal policy is

[Table of Contents](#)

necessary with regard to the consideration of any director candidates recommended by shareholders; notwithstanding the absence of such a formal policy, the Board of Directors is willing to accept recommendations from shareholders of director candidates. Shareholders interested in nominating director candidates must comply with the procedures outlined in the section below entitled “Security Holder Communication to the Board of Directors.”

The Nominating Committee will consider all nominees for director positions proposed by shareholders, management or other directors in the same manner. The Nominating Committee will select from the list of such proposed candidates for additional review those candidates it considers to be qualified. A person’s automotive industry experience, contacts in the automobile industry, judgment, technical expertise, financial expertise, independence and understanding of Amerigon’s business are all qualifications considered to be desirable by the Nominating Committee. The Nominating Committee may, if they so choose, discuss such candidates with the full Board of Directors for additional input. The Nominating Committee then will decide whether to invite the candidate to be a nominee for election to the Board of Directors. During 2011, no recommendations for nominees for director positions were received by the Nominating Committee from shareholders.

The Nominating Committee considers the needs for the Board of Directors as a whole when identifying and evaluating nominees and, among other things, considers diversity in background, age, experience, qualifications, attributes and skills in identifying nominees, although it does not have a formal policy regarding the consideration of diversity. See “Qualifications of Directors” above for a description of the diverse qualifications of our current directors.

Security Holder Communication to the Board of Directors

Shareholders wishing to send communications directly to the Board of Directors or to a specific member of the Board of Directors are asked to send such communications via U.S. Mail to the attention of Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167. Shareholders sending such communications should clearly mark the item as intended for delivery to the Board of Directors or to a specific member of the Board of Directors of Amerigon. Mr. Steele has been instructed by the Board of Directors to screen each communication so received only for the limited purposes of ascertaining (1) whether such communication is indeed from a shareholder and (2) whether such communication relates to Amerigon. Mr. Steele will promptly forward copies of all such communications that pass his limited screening to each member of the Board of Directors, in the case of communications to the entire Board of Directors, or to the particular member addressee. Delivery by Mr. Steele will be completed by mail, facsimile or e-mail, as Mr. Steele determines appropriate.

If a shareholder’s communication to the Board of Directors involves or concerns Mr. Steele, or if a shareholder has another appropriate reason for communicating to the Board of Directors through a means other than through Mr. Steele, such shareholders are asked to send such communications via U.S. Mail to the attention of either Daniel R. Coker, President of Amerigon Incorporated, or Oscar B. Marx, III, Chairman of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167. Any such communication to Mr. Coker or Mr. Marx should clearly state that it is a shareholder communication and should clearly state the reason it was not delivered to Mr. Steele for further delivery to the Board of Directors.

Board Leadership Structure and Role in Risk Oversight

The Board of Directors has concluded that the role of Chairman of the Board should be separate from that of Chief Executive Officer. The Chairman of the Board presides at all Board and shareholder meetings and the Chief Executive Officer reports to the entire Board of Directors. We believe that, by separating these positions, the Board of Directors can provide better oversight of risks, including credit, liquidity and operational risks, faced by the Company. The Board of Directors establishes policy, adopts financial plans, approves significant changes to operational activities and provides general oversight of the business. The Chief Executive Officer is

[Table of Contents](#)

responsible for day-to-day operations and implementing the strategies approved by the Board of Directors. Other key executive officers, including the Chief Financial Officer, report either regularly or periodically to the Board of Directors.

The Board of Directors' risk oversight is administered primarily through the following:

- review and approval of an annual business plan;
- review of a summary of risks and opportunities at each regular meeting of the Board of Directors;
- at least quarterly review of business developments, business plan implementation and financial results;
- Audit Committee oversight of internal controls over financial reporting; and
- Compensation Committee review of executive officer compensation and its relationship to our business plans.

Audit Committee

An Audit Committee has been established by the Board of Directors in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee is currently comprised of Independent Directors Castaing, Devine and Marx. Mr. Devine is the current Chairman of the Audit Committee. The Audit Committee held four meetings during 2011.

The Audit Committee represents the Board of Directors in discharging its responsibility relating to the accounting, reporting, and financial practices of the Company and has general responsibility for surveillance of internal controls and accounting and audit activities of the Company.

The Board of Directors has adopted a written charter for the Audit Committee, a current copy of which is available to shareholders on the Company's website at www.amerigon.com under the link "About"; a copy may also be obtained free of charge by delivering written request to: Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167.

Under Nasdaq listing requirements, listed companies must have audit committees comprised of at least three members who meet a heightened standard of independence. Upon consideration of the criteria and requirements regarding such heightened standard of independence, the Board of Directors has determined that all three current members of the Audit Committee do currently meet such criteria and requirements and are or were "independent" for such purposes.

The Board of Directors has also reviewed the experience, qualifications and skills of each member of the Audit Committee and determined that Mr. Devine, (who, as noted above, meets the Nasdaq heightened standard of independence for audit committee purposes and who is currently the Chairman of the Audit Committee) is an "audit committee financial expert," as such term is used in Item 401 of Regulation S-K promulgated under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. Mr. Devine's experience that qualifies him as an audit committee financial expert includes his previous experience as the Vice Chairman and Chief Financial Officer of General Motors and as the Executive Vice President and Chief Financial Officer of Ford Motor Company. The Board of Directors has determined that Mr. Marx (who meets the Nasdaq heightened standard of independence for audit committee purposes) also qualifies as an audit committee financial expert. Mr. Marx's experience that qualifies him as our audit committee financial expert includes his experience as the Chief Executive Officer of a major automotive industry supplier and his experience as Vice-President of Ford Motor Company's Automotive Components Group, and his recent experience as the President and Chief Executive Officer of a private investment firm.

Compensation Committee

The Company's Compensation Committee is responsible for evaluating the Chief Executive Officer's and all other executive officers' performance, including with respect to established goals and objectives, and making recommendations to the Board of Directors concerning all direct and indirect compensation, benefits and perquisites (cash and non-cash) for the executive officers based on such evaluation. The Company's Compensation Committee is currently comprised of two Independent Directors, Messrs. Gunderson and Paulsen. The Compensation Committee held 4 meetings during 2011.

The compensation of the executive officers of our majority-owned subsidiary, W.E.T., is set by written agreement previously entered into by and between W.E.T. and such executive officers. The Compensation Committee has no influence on the compensation of such individuals. Furthermore, so long as W.E.T. is operated as a separate entity from Amerigon, its majority stockholder, decisions concerning compensation of W.E.T.-employed executive officers will be made by the W.E.T. Supervisory Board and not by the Board of Directors of Amerigon.

The Board of Directors has adopted a written charter for the Compensation Committee, a current copy of which is available on the Company's website at www.amerigon.com under the link "About"; a copy may also be obtained free of charge by delivering written request to: Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167.

The Compensation Committee may delegate any of its responsibilities to subcommittees as the Compensation Committee deems appropriate. The Committee has the authority to retain compensation consultants to assist in the evaluation of compensation, and has the sole authority to retain and terminate such firms and to approve their fees and other retention terms. The Compensation Committee also has authority to retain other advisors. Compensation consultants were retained by the Compensation Committee in January, 2012 for the purpose of supplying compensation survey data for use in setting 2012 base compensation, but not for the purpose of determining or recommending the amount or form of compensation for our directors or executive officers and no additional services, unrelated to the purpose of such consultation, were provided by any such consultants or advisors to the Company. No compensation consultants or advisors were retained by the Compensation Committee during 2011.

Proposals regarding compensation of executive officers and directors (including recommending bonus formulas and plans, performance measures, compensation and award levels, and payout amounts) are generally made by management after review by the Chairman of the Board. The Company's Chief Executive Officer generally prepares materials and agendas for Compensation Committee meetings, attends the meetings and keeps the minutes of the meetings, but is excused from the meetings when his presence is deemed inappropriate by the Compensation Committee. The Chief Executive Officer is not present during voting or deliberations regarding his compensation.

In evaluating proposals regarding compensation, the Compensation Committee relies primarily on its members' review of information from various publications and hired consultants, their extensive experience with compensation practices in other businesses, information included in proxy statements of similar companies with comparable market capitalization and comparable revenues, and its members' subjective review of the reasonableness and fairness of proposed compensation in light of all relevant circumstances.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or was a former or current officer or employee of the Company or any of its subsidiaries. No member of the Compensation Committee has or had any relationship requiring disclosure by us pursuant to Securities and Exchange Commission rules regarding disclosure of related party transactions.

Code of Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics applicable to all directors, officers and employees of the Company, including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. Such code may be viewed on the Company's website, www.amerigon.com under the link "About"; a copy may also be obtained free of charge by delivering written request to: Barry G. Steele, Secretary of Amerigon Incorporated, 21680 Haggerty Road, Suite 101, Northville, Michigan 48167.

We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding any amendment to, or a waiver from, a provision in our Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and that relates to any element of the code definition enumerated in SEC, Regulation S-K, Item 406(b) by posting such information on our website at www.amerigon.com within four business days following the date of the amendment or waiver.

Certain Transactions

Review, Approval or Ratification of Transactions with Related Persons

Our Board of Directors has adopted, by written board resolution, a policy with respect to proposed related party transactions. In general, it is Amerigon's policy to submit all proposed related party transactions (those that may require disclosure under Regulation S-K, Item 404) to the Independent Directors for approval. Only those related party transactions approved by the Independent Directors will be consummated. The policy instructs the Independent Directors only to approve those transactions that are on terms comparable to, or more beneficial to us than, those that could be obtained in arm's length dealings with an unrelated third party. If an Independent Director has any interest in a related party transaction presented to the Independent Directors for approval, such director is required to abstain from the vote to approve or not approve the transaction. Examples of related party transactions covered by our policy are transactions in which any of the following individuals has or will have a direct or indirect material interest: any of our directors or executive officers, any person who is known to us to be the beneficial owner of more than five percent of our common stock, and any immediate family member of one of our directors or executive officers or person known to us to be the beneficial owner of more than five percent of our common stock. Transactions that involve any salaried employees generally are not covered by our approval policy. Our policy also requires that all related party transactions be disclosed in our filings with the SEC to the extent required by the SEC's rules, and that they be disclosed to the full Board of Directors.

Transactions with Related Persons During 2011

During 2009, the following transaction was specifically approved by the Independent Directors pursuant to the above-described related party transaction approval policy but was exempt from disclosure under Regulation S-K, Item 404 because it did not meet the dollar threshold set forth therein: Oscar B. Marx's son, John Marx, was hired as an employee of the Company in a sales position. The Independent Directors, excluding Oscar B. Marx, reviewed and approved the engagement of John Marx. The Independent Directors have also reviewed and approved the compensation paid to John Marx each calendar year since 2009. In 2011, total compensation paid to John Marx was approximately \$322,000 in cash compensation, 3,000 shares of restricted stock awards and 40,000 options to purchase common stock. The employment arrangement with John Marx is hereby disclosed as a transaction with a related person under Regulation S-K, Item 404; however, because John Marx is a non-executive employee and the amounts paid to him are compensation in respect of services he provides, such payments do not exclude Oscar B. Marx from being deemed an "Independent Director" under applicable rules promulgated by The Nasdaq Stock Market, Inc. ("Nasdaq").

COMPENSATION COMMITTEE REPORT

Report of the Compensation Committee on Executive Compensation

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed, and discussed with management our financial statements as of December 31, 2010 and 2011 and for each of the two years in the period ended December 31, 2011. The Audit Committee has discussed with the Company's independent accountants, Grant Thornton LLP, the above-described financial statements. In addition, we have discussed with Grant Thornton LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (*Codification of Statements on Auditing Standards*), as amended and as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee also has received and reviewed the written disclosures and the letter from Grant Thornton LLP required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board in Rule 3600T and we have discussed with that firm its independence. We have considered whether the provision of permissible non-audit services is compatible with maintaining the accountant's independence. We also have discussed with management and the auditing firm such other matters and received such assurances from them as we deemed appropriate.

Management is responsible for internal controls and the financial reporting process. The independent accountants engaged by the Company are responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

Based on the foregoing review and discussions and a review of the reports of Grant Thornton LLP with respect to the audited financial statements, and relying thereon, we have recommended to the Board of Directors the inclusion of the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

See Proposal 4 for information with respect to our shares of common stock that may be issued under our existing equity compensation plans. For a description of the material features of the above plans, see Note 8 of our consolidated financial statements and related financial information filed on Form 10-K for the period ended December 31, 2011.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten-percent shareholders are required by Securities and Exchange Commission regulation to furnish us with copies of all Section 16(a) reports they file. Based solely on review of the copies of such reports furnished to us during or with respect to 2011, or written representations that no filings on Form 5 were required, we believe that during 2011 all Section 16(a) filing requirements applicable to our officers, directors and greater than ten-percent beneficial owners were complied with, except as follows: James L. Mertes has determined that he failed to report the exercise of options to purchase common stock in June 2008 on Form 4 and he has made a corrected filing on Form 5.

DIRECTOR COMPENSATION

For 2011, non-employee directors received the following compensation as consideration for their service in their capacity as directors, in addition to reimbursement for out-of-pocket expenses incurred in attending Board of Directors and committee meetings:

- an annual fee of \$10,000 (\$50,000 for the Chairman of the Board);
- \$2,000 for Board of Director meetings they attend;
- \$1,000 for committee meetings they attend; and
- pursuant to the Company's 2011 and 2006 Equity Incentive Plans, options to purchase 10,000 shares of Company Common Stock on the first business day of each calendar year, if they were a director on such date, or, if applicable, on the first date they first became a director, at an exercise price equal to the fair market value of such shares on the date of grant. These options are not exercisable until the first anniversary of the date of grant, conditioned upon such director remaining a director through such first anniversary, and expire on the tenth anniversary of the date of grant.

Employee directors did not receive any additional compensation in recognition for their service as a director of the Company.

The following table sets forth information concerning the compensation paid to our directors during 2011:

<u>Name (a)</u>	<u>Fees Earned or Paid in Cash (\$)</u>	<u>Options Awards (\$)</u> <u>(b)</u>	<u>Total (\$)</u>
Francois J. Castaing	\$ 33,000	\$ 49,091	\$ 82,091
John M. Devine	33,000	49,091	82,091
Maurice E.P. Gunderson	32,000	49,091	81,091
Oscar B. Marx, III	73,000	49,091	122,091
James J. Paulsen	32,000	49,091	81,091
Lon E. Bell	28,000	49,091	77,091
Carlos Mazzorin	17,000	56,525	73,525

- (a) Director Daniel R. Coker is an executive officer in the Summary Compensation Table below and, because he was an executive officer during 2011, he receives no additional compensation for his service as a director.
- (b) Except for Mr. Mazzorin, the option awards listed were granted on January 3, 2011 and, as described above, consist of options to purchase 10,000 shares of Company Common Stock each. Mr. Mazzorin was granted option awards to purchase 10,000 shares of Company Common Stock on August 24, 2011, when he first became a director of the Company. The dollar amount shown is based on the grant date fair market value of such options as computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (formerly SFAS 123R). For a full description of all of the assumptions made in the valuation of such option awards, see Note 8 of our consolidated financial statements and related financial information indexed on page F-1 of our Annual Report on Form 10-K for the year ended December 31, 2011. The aggregate number of option awards outstanding, both exercisable and non-exercisable, as of December 31, 2011 for each of the directors included in this table are as follows: Mr. Castaing – 40,000, Mr. Devine – 40,000, Mr. Gunderson – 50,000, Mr. Marx – 50,000, Mr. Paulsen – 80,000, Mr. Bell – 235,000, and Mr. Mazzorin – 10,000.

As a result of the acquisition of W.E.T., and the resulting increase in the size and complexity of Amerigon's operations, and based on a survey of comparable companies conducted by an outside compensation consultant, the Board concluded to modify the compensation structure for non-employee directors as follows, effective as of January 1, 2012:

- Increase annual Director compensation from \$10,000 to \$50,000;
- Increase annual Chairman compensation from \$50,000 to 75,000;

[Table of Contents](#)

- Eliminate per-meeting fees and implement these annual retainers for Committees:
 - Audit and Compensation Committee Members: \$5,000
 - Audit and Compensation Committee Chairman: \$10,000
 - Nominating Committee Members: \$1,000
 - Nominating Committee Chairman: \$5,000
 - Eliminate annual stock options granted on the first business day of the year and instead grant \$50,000 in restricted stock as of the date of the annual Stockholders' Meeting, except that the replacement of stock options with restricted stock will go into effect in a two-step process, first, directors received restricted stock on the first business day in 2012 with a value of 5/12 of \$50,000 or \$20,833 and, second, directors will receive restricted stock on the day of the annual meeting of stockholders (or, with respect to new directors, on the date they first become directors) valued at \$50,000. All of the restricted stock will vest on the first anniversary of the date of grant, subject to the applicable Director's continued service or retirement under the terms of the Company's incentive equity plan.

The board of directors believes that the above compensation plan for non-employee directors is more appropriate based on the significant increase in the Company's complexity in the past year and the corresponding increase in time and effort required by members of the board.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General Compensation Objectives. The Compensation Committee's overall compensation objectives applicable to our executive officers are to provide a compensation package intended to attract, motivate and retain qualified executives and to provide them with incentives to achieve our annual goals and increase shareholder value. The Compensation Committee reviews these objectives each year and has affirmed this philosophy. The Compensation Committee implements these objectives through salaries, bonuses, equity incentives, a 401(k) plan, a defined benefit plan for our President and Chief Executive Officer and miscellaneous personal benefits. Our objectives and reasons for selecting each of these elements are described below.

Our compensation philosophy is to emphasize compensation that provides executives with incentives to achieve our annual budgeted goals and increase shareholder value. To that end, as described below, we have adopted a bonus plan that is tied directly to achieving particular results, and we award equity incentives designed for executive retention and to provide executives with incentives to increase shareholder value. Each is intended to represent a potentially significant portion of our executives' total compensation. Generally, the annual bonuses we pay are based on a varying percentage of an executive's salary and, as a result, changes in an executive's salary generally change the amount of his or her annual bonus. Equity incentives are generally determined based on the executive's position rather than his or her salary.

Comparability. Based on reviews of information from various publications and hired consultants, their extensive experience with compensation practices in other businesses, information included in proxy statements of similar companies with comparable market capitalization and comparable revenues, and its members' subjective review of the reasonableness and fairness of proposed compensation in light of all relevant circumstances, the Compensation Committee has determined that the salaries paid to the Company's executives are in line with the compensation offered by other similarly-situated companies and that the bonus compensation is reasonable. The Compensation Committee has also determined that the total compensation, including equity compensation, paid to the Company's executive officers is reasonable and fair based on the independent information available. The list of companies which we consider to be comparable for purposes of the above analysis, and for which our independent consultants have recently provided benchmark data, are CTS Corp, Drew Industries, Inc., Fuel Systems Solutions, Inc., Gentex Corp., Littlefuse, Inc., Measurement Specialties, Inc., Methode Electornics, Inc., Modine Manufacturing, Inc., Motorcar Parts of America, Inc., Pulse Electronics Corp., Stoneridge, Inc., Strattec Security Corp. and Superior Industries International. We believe such companies are generally comparable to our Company in terms of revenue, market capitalization and industry.

Salaries. The Compensation Committee's policy is to provide salaries that it believes are necessary to attract and retain qualified executives. In determining its recommendations for executive officer salaries, the Compensation Committee generally relies on the recommendations of its President and Chief Executive Officer and on the Compensation Committee's review of salaries paid to similar officers at comparable companies as described above under "Comparability". The Compensation Committee also considers individual performance, the executive officer's position and experience, the Company's financial resources, the executive officer's existing salary and the salaries of our other officers and employees. On an annual basis, executive salaries are reviewed by the Compensation Committee. Salary increases for executive officers are generally granted after this review. Historically, such increases have been between 3% and 5% and represented a combination of both a cost of living / inflation adjustment and a merit raise. For 2011 and 2012, the Compensation Committee concluded that a regular salary increase, based on the criteria stated above and consistent with the range stated above, was appropriate.

Bonuses. The Compensation Committee's policy is to make a meaningful portion of an executive's compensation contingent on achieving performance targets for the year. For three years ending 2011, the Compensation Committee concluded to adopt a different bonus plan (the "New Bonus Plan") that focused on

[Table of Contents](#)

achievement of personal goals. All of our executive officers participated in the New Bonus Plan in 2009 and 2010 except for Lon Bell, who participated in the BSST bonus plan in 2009 and received no bonus in 2010. Dr. Bell retired on December 31, 2010.

The Bonus Plan is designed to encourage Company employees to operate as entrepreneurial stakeholders and reward them for bringing value to the Company by meeting or exceeding financial and operational objectives. To be eligible to receive an incentive award under the Bonus Plan, an employee must be employed on the bonus payment date. For 2011, 2010 and 2009, the Bonus Plan was divided into two distinct reporting periods, the first half of the year and the second half of the year. Upon achievement of the applicable criteria for each half, eligible employees were entitled to receive bonuses of a pre-determined amount. The achievement or failure to achieve the applicable criteria for one half of the year was not used to determine whether the criteria for the other half of the year had been achieved.

The Compensation Committee, working with management, establishes individual performance objectives for each individual participating in the Bonus Plan. The objectives are broad-ranging and, depending upon the individual's position, included items such as eliminating or reducing specific expenditures, completing engineering objectives, developing new business, streamlining operations, completing other specific projects and other similar types of objectives. None of the individual performance objectives pertain to company-wide financial performance targets. All individual performance targets are subjective and the Bonus Plan gives the Compensation Committee the right to determine if the pre-determined objectives have been met.

For 2011, the Compensation Committee determined that all of named executive officers achieved their individual, subjective performance objectives and recommended to the Board of Directors that bonuses be paid to each of them. The Board of Directors adopted such recommendation in February, 2012.

The Compensation Committee does not have a formal written policy regarding adjustment of bonus payments if the relevant performance measures or underlying facts upon which they are based are restated or otherwise adjusted in a manner that would materially increase or reduce the size of the incentive payment, but the Compensation Committee concluded that, for 2011, no such restatement or adjustment occurred.

Equity Incentives. The Compensation Committee uses the award of stock options to executive officers to retain them and provide a long-term incentive to increase shareholder value. The Compensation Committee's policy is that these equity incentives should be a significant portion of an executive's potential compensation because increasing shareholder value is management's primary objective. Whenever stock options are awarded, the Company's policy is to fix the exercise price of the options at the fair market value of the underlying shares on the date of grant. Therefore, such options only provide compensation if the price of the underlying shares increases. As of December 31, 2011, there remained 23,088 shares and 464,000 shares available for grant under the 2006 and 2011 Equity Incentive Plans, respectively. No shares remain available for grant under the 1993 Stock Option Plan or the 1997 Stock Incentive Plan. The Committee does not have a policy of timing option grants in coordination with the release of material non-public information. The Committee generally considers equity incentive grants on an annual basis and at varying times throughout the year, generally based upon recommendations from the Board of Directors that additional equity incentives are appropriate.

The Compensation Committee's policy has been to grant options that vest over a specific period (generally three or four years) to provide an incentive for the recipient to remain with us, to provide a long-term incentive and to lessen the accounting charge for such options (which is generally amortized over the vesting period). We do not have any stock ownership requirements for executive officers; however, each of our executives has a significant number of exercisable options. During 2011, we adopted a stock ownership requirement for directors which is described further below under "Compensation of Directors."

The vesting of all of our option and restricted share awards may, upon certain determinations by the Board of Directors, accelerate upon a change in control to provide a greater incentive for all optionees to complete change in control transactions that benefit shareholders by allowing them to participate in the benefits of the transaction regardless of whether their employment will continue. The vested portion of options granted to

[Table of Contents](#)

executives and directors generally remain exercisable after termination of employment until their original expiration date, subject to the discretion of the Committee. The Committee's policy is to provide new executives with stock options to attract them to us. The number of options awarded is based on negotiations with new executives, management's recommendations and the Committee's subjective judgment primarily after reviewing the number of options granted to our other executives.

Defined Benefit Plan. During 2008, the Compensation Committee recommended a new defined benefit plan benefiting the Company's President and Chief Executive Officer, Daniel R. Coker. Such plan was subsequently approved by the Independent Directors. The defined benefit plan is intended to entice the Company's President and Chief Executive Officer, Daniel R. Coker to maintain employment with the Company for a considerable period of time. Stability and competence at the executive level was a key factor in our decision to recommend such plan. The plan, more fully described in Note 14 of our consolidated financial statements and related financial information indexed on page F-1 of our Annual Report on Form 10-K for the year ended December 31, 2011, includes a vesting period that began on April 1, 2011 and continues for six years. The considerable period of time between adoption of the plan and its full vesting is consistent with our compensation goals of retaining a qualified President and Chief Executive Officer. The plan provides for fifteen annual benefit payments of \$300,000 each beginning January 1, 2018. Based on our review of the benefits offered to President and Chief Executive Officers of other similarly-situated companies, and based on our desire to retain the services of Mr. Coker, we believe that the defined benefit plan is fair and reasonable. Other than the defined benefit plan described above, Amerigon does not maintain any post-retirement medical benefits, non-qualified deferred compensation plans or retirement or pension plans, other than our 401(k) Plan, which is available to all of our employees.

401(k) Plan. We have adopted a 401(k) plan to provide all eligible employees a means to accumulate retirement savings on a tax-advantaged basis, and our executive officers are eligible to participate in this plan on the same basis as other participants. Participants may defer specified portions of their compensation and (1) we match 50% percent of employee contributions up to a contribution by us equal to 2% percent of the employee's compensation and (2) we may, but are not required to, make additional discretionary contributions. The Compensation Committee has not made any discretionary contribution to the 401(k) Plan since its inception.

Vacation Pay. All Company employees are subject to the same vacation pay policy. The number of days of vacation time available to each employee is based on the number of years such employee has worked for the Company. Employees are encouraged to take all of their available vacation time each year, but may carryover any unused vacation time indefinitely. To the extent that an employee has more than 40 hours of accumulated vacation time at any time, he or she may elect to receive a lump sum payment for any portion of such excess hours at his or her then-current rate of pay. In addition, upon an employee's termination of employment with the Company, he or she will receive a lump sum payment for all unused vacation time at his or her then-current rate of pay. Employees that have accumulated vacation in excess of 240 hours on June 30 or December 31 of any year are paid a mandatory lump sum payment equal to such excess at his or her then-current rate of pay.

Employment and Change in Control Agreements. The Company's policy, as approved by the Compensation Committee is to not execute formal employment agreements with our executive officers. The Compensation Committee believes that it has been able to attract qualified executives without the need to negotiate and enter into formal agreements. Notwithstanding the foregoing, the executive officers of W.E.T. had, prior to our acquisition of a majority interest in W.E.T., entered into written employment agreements with W.E.T. ("Service Agreements"). Copies of the Service Agreements were filed as exhibits to our Current Report on Form 8-K dated August 4, 2011. The Service Agreements provide that W.E.T. executive officers will receive a base salary, an annual performance-based bonus calculated pursuant to objective measurements set forth in the applicable Service Agreement and a discretionary bonus determined by the W.E.T. Supervisory Board. The Service Agreements also provide for automobile allowances, reimbursement of expenses, paid vacation time, pension contributions, death and disability insurance coverage and severance. The Compensation Committee was not in a position to influence the terms of the Service Agreements at the time of their execution and plays no role in determining whether the W.E.T. executive officers have achieved their bonus targets or should receive a discretionary bonus.

Perquisites. We provide certain of our executive officers with use of a company-owned automobile. Our most important product is the system that heats and cools automobile seats and we believe it is important that our executive officers not only thoroughly understand our product but also present themselves to others as users of our product. We allocate the costs of such automobiles between business and personal use and report the personal use portion as additional compensation paid to the applicable employee. The Company also provides club memberships to our President and Chief Executive Officer. These memberships are used for entertaining current and potential customers and suppliers and other business associates of the Company. They are also used as meeting locations. We allocate the costs of such club memberships between business and personal use and report the personal use portion as additional compensation paid to our President and Chief Executive Officer.

Restricted Stock. The Compensation Committee elected to grant a special, one-time, payment of restricted stock to selected executives in 2011 for the extraordinary work performed to consummate the acquisition of W.E.T. The allocation of such grant among such executive officers was determined based on the relative impact each such officer had in bringing the acquisition of W.E.T. to completion.

Special Payments on Restricted Stock Vesting. The Compensation Committee concluded to make special one-time bonuses to selected executives in 2009 upon the vesting of restricted stock they held. Such executive officers had received restricted stock in prior years and, as a result of the vesting of such restricted stock during 2009, were required to make estimated tax payments in respect of those shares in early 2009. Because no bonus was paid to this group of executive officers during 2008, the Compensation Committee determined it was appropriate to assist such officers in the payment of their estimated tax obligations by granting them one-time special bonus payment. The Compensation Committee considered these special one-time bonuses when they established the amount of bonus to be paid to such executive officers for 2009 under the New Bonus Plan.

Section 162(m) Policy. The Compensation Committee reserves the right to pay compensation to Company executives in amounts it deems appropriate regardless of whether such compensation is deductible for federal income tax purposes. The Committee believes providing the compensation it deems appropriate is more important to the Company than the potential loss of related compensation deductions, especially in light of the Company's net operating loss carryforwards, the non-cash nature of deductions available upon the exercise of stock options, and the current levels of its base salaries and bonuses. To date, Section 162(m) has not prevented us from deducting compensation paid to our executive officers.

Summary Compensation Table

The following table sets forth compensation information for 2011, 2010 and 2009 for the following “Named Executive Officers”: (1) our Chief Executive Officer (CEO), (2) our Chief Financial Officer (CFO) and (3) our three most highly compensated executive officers other than our CEO and our CFO who were serving as executive officers at the end of 2011. In light of W.E.T.’s significant contribution to Amerigon’s consolidated revenues and earnings, W.E.T. executive officers are treated as executive officers for purposes of this Proxy Statement, but are employees of W.E.T.

For a full description of all of the assumptions made in the valuation of the projected benefit obligation under the Defined Benefit Plan, see Note 14 of our consolidated financial statements and related financial information indexed on page F-1 of our Annual Report on Form 10-K for the year ended December 31, 2011.

Potential Payments Upon Termination or Change in Controls

Under the terms of the Company's 2011 and 2006 Equity Incentive Plans, 1997 Stock Incentive Plan and 1993 Stock Option Plan, the occurrence of a "change in control" of the Company, as such term is defined in each plan, may result under certain circumstances in immediate vesting of the unvested options issued under each plan. Under the terms of each plan, the Board of Directors, acting as the committee administering each plan, has discretion in determining the consequences of such change in control.

Under the terms of Caspar Baumhauer's Service Agreement, upon termination of his employment he is entitled to two times his annual salary, continued use of an automobile for two years and a final bonus. Other W.E.T. executive officers have similar provisions in their Service Agreements.

Upon a change in control, assuming the Board of Directors were to determine that all restrictions with respect to restricted stock awards would terminate and all unvested stock options would vest, the Named Executive Officers would receive the following benefits, assuming such event occurred effective December 31, 2011:

<u>Name</u>	<u>Restricted Shares</u>	<u>Securities Underlying Unvested Options</u>		<u>Estimated Value of Payments upon a Change in Control(a)</u>
	<u>Number of Securities</u>	<u>Number of Securities</u>	<u>Option Exercise Price</u>

		80,000	12.60	132,800

- (a) The values shown for each Named Executive Officer are based on the following assumption: that the benefit of acceleration of the vesting of options equals the difference between the closing sales price of our common shares on December 31, 2011 and the exercise price of the unvested options multiplied by the number of common shares underlying the unvested options held by the executive at December 31, 2011; provided, however, that negative amounts are treated as having zero value.

(o) “Subsidiary” shall mean any corporation, limited liability company, partnership or any other entity in which the Corporation owns, directly or indirectly, stock or other ownership interest therein, possessing more than twenty-five percent (25%) of the combined voting power of all classes of stock or other ownership interest.

2. Purpose of Plan: The purpose of the Plan is to provide key employees (including officers and directors who are also key employees), outside directors, consultants and advisors of the Corporation and its Subsidiaries with incentives to make significant and extraordinary contributions to the long-term performance and growth of the Corporation and its Subsidiaries, to join the interests of key employees, outside directors, consultants and advisors with the interests of the shareholders of the Corporation, and to facilitate attracting and retaining key employees, outside directors, consultants and advisors with exceptional abilities.

3. Administration: The Plan shall be administered by the Committee. Subject to the provisions of the Plan, the Committee shall determine, from those who are or become eligible to be Participants under the Plan, the persons or class of persons to be granted Awards, the type of Awards and the amount or maximum amount of stock or rights covered by Awards to be granted to each such person or class of person, and the terms and conditions of any Awards. Subject to the provisions of the Plan, the Committee is authorized to interpret the Plan, to promulgate, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for its administration. Interpretation and construction of any provision of the Plan by the Committee shall, unless otherwise determined by the Board, be final and conclusive. A majority of the Committee shall constitute a quorum, and the acts approved by a majority of the members present at any meeting at which a quorum is present, or acts approved in writing by a majority of the Committee, shall be the acts of the Committee.

4. Indemnification of Committee Members: In addition to such other rights of indemnification as they may have, the members of the Committee shall be indemnified by the Corporation against the reasonable expenses, including attorneys’ fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Board or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be determined in such action, suit or proceeding that such Committee member has acted in bad faith; provided, however, that within sixty (60) days after receipt of notice of institution of any such action, suit or proceeding, a Committee member shall offer the Corporation in writing the opportunity, at its own cost, to handle and defend the same.

5. Maximum Number of Shares Subject to Plan: The maximum number of shares of stock which may be issued pursuant to Awards granted under the Plan or with respect to which Awards may be granted under the Plan shall not exceed in the aggregate 850,000 shares of Common Stock of the Corporation (subject to adjustments as provided in this Paragraph 5) (the “Share Limit”). Notwithstanding the foregoing, the maximum number of shares of stock that may be issued pursuant to Awards in the form of restricted stock, restricted stock units, Performance Shares or other stock-based awards granted under the Plan shall not exceed 50,000 shares of Common Stock of the Corporation (subject to adjustments as provided in this Paragraph 5). Any shares that are delivered by the Corporation, and any awards or grants that are made by, or become obligations of, the Corporation through the assumption by the Corporation or a Subsidiary of, or in substitution for, outstanding awards or grants previously made by an acquired company, shall not be counted against the number of shares available under the Plan. Consistent with the purpose of the Plan and with a view to avoiding over or under counting, the Committee shall, in its Discretion, determine the number of shares to charge against the shares remaining available under the Plan as a result of the grant or settlement of Awards made under the Plan. If any

[Table of Contents](#)

shares covered by an Award or to which an Award relates are forfeited, or if an Award otherwise terminates without the delivery of shares or of other consideration, then the shares covered by such Award, or to which such Award relates, or the number of shares otherwise counted against the aggregate number of shares available under the Plan with respect to such Award, to the extent of any such forfeiture or termination, shall again be, or shall become, available for granting Awards under the Plan.

The maximum number of shares with respect to which Awards may be granted to any Participant during the term of the Plan shall not exceed the Share Limit. All shares with respect to which an Award is granted shall be counted for purposes of this per-person share limitation, regardless of whether the Participant did not realize the benefit of the Award as a result of forfeiture, cancellation, expiration, termination or other event. If a stock option or a stock appreciation right is modified after grant to reduce its exercise price or grant value, the modified stock option or stock appreciation right shall be treated as a newly granted stock option or stock appreciation right for purposes of this per-person share limitation, with the shares covered by both the original and the modified grant counting against the number of available shares under this per-person limitation.

The number of shares with respect to each outstanding Award, the option price with respect to outstanding stock options, the grant value with respect to outstanding stock appreciation rights, the aggregate number of shares available at any time under the Plan, the maximum number of shares with respect to which Awards may be made to an individual Participant during the term of the Plan and the number of shares automatically awarded to outside directors as described in Paragraph 9 shall be subject to such adjustment as the Committee, in its Discretion, deems appropriate to reflect such events as stock dividends, stock splits, recapitalizations, mergers, consolidations or reorganizations of or by the Corporation; provided, however, that no fractional shares shall be issued pursuant to the Plan, no Awards may be granted under the Plan with respect to fractional shares, and any fractional shares resulting from such adjustments shall be eliminated from any outstanding Award.

6. Participants: The Committee shall determine and designate from time to time, in its Discretion, those individuals who are or who become key employees (including officers and directors who are also key employees), outside directors, consultants or advisors of the Corporation or any Subsidiary to receive Awards who, in the judgment of the Committee, are or will become responsible for the direction and financial success of the Corporation or any Subsidiary. Subject to the provisions of the Plan, the Committee may authorize in advance the grant of Awards to individuals or classes of individuals who are not at the time of Committee authorization, but who subsequently become, key employees, outside directors, consultants or advisors of the Corporation or any Subsidiary; provided, however, that (i) for all purposes of the Plan, the date of grant of any Award made to an individual pursuant to such authorization shall be no earlier than the date on which such individual becomes an employee, outside director, consultant or advisor of the Corporation or any Subsidiary, and (ii) such authorization shall prescribe the principal terms or range of terms of the Awards that may be made to such individuals or classes of individuals including, without limitation, the type or types of Awards and the number or maximum number of shares to be covered by such Awards.

7. Written Agreement: Each Award granted under the Plan shall be evidenced by a written agreement between the Corporation and the Participant which shall contain such provisions as may be approved by the Committee. Such agreements shall constitute binding contracts between the Corporation and the Participant, and every Participant, upon acceptance of such agreement, shall be bound by the terms and restrictions of the Plan and of such agreement. The terms of each such agreement shall be in accordance with the Plan, but the agreements may include such additional provisions and restrictions determined by the Committee, provided that such additional provisions and restrictions do not violate the terms of the Plan.

8. Allotment of Shares: Subject to the terms of the Plan, the Committee shall determine and fix, in its Discretion, the number or maximum number of shares with respect to which each Participant may be granted Awards; provided, however, that no Incentive Option may be granted under the Plan to any one Participant which would result in the aggregate fair market value, determined as of the date the option is granted, of underlying stock with respect to which Incentive Options are exercisable for the first time by such Participant during any

[Table of Contents](#)

calendar year under any plan maintained by the Corporation (or any parent or Subsidiary of the Corporation) exceeding \$100,000.

9. Stock Options: Subject to the terms of the Plan, the Committee, in its Discretion, may grant to Participants either Incentive Options, Nonqualified Options or any combination thereof; provided, however, that an Incentive Option may only be granted to an employee of the Corporation or a Subsidiary, and in the case of a Subsidiary only if (i) the Subsidiary is treated as a disregarded entity owned by the Corporation, or (ii) the Subsidiary is a corporation (or is treated as a disregarded entity owned by a corporation) fifty percent or more of the combined voting power of all classes of stock of which is owned, directly or indirectly, by the Corporation. Each option granted under the Plan shall designate the number of shares covered thereby, if any, with respect to which the option is an Incentive Option, and the number of shares covered thereby, if any, with respect to which the option is a Nonqualified Option.

The following paragraph shall only apply if (i) no other similar provision under any other incentive equity plan of the Corporation also applies with respect to the applicable time period at issue or (ii) if any such other similar provision would apply, outside directors of the Corporation nonetheless have not received and will not receive Nonqualified Options under such other incentive equity plan with respect to the applicable time period at issue.

Outside directors who are first elected or appointed to the Corporation's Board after adoption by the shareholder of the Corporation of this plan shall be granted automatically (without any action by the Committee or the Board) a Nonqualified Option to purchase 10,000 shares of Common Stock (subject to adjustments as provided in Paragraph 5). In addition, on the first business day of each calendar year during the term of this Plan, each outside director then in office shall be granted automatically (without any action by the Committee or the Board) a Nonqualified Option to purchase 10,000 shares of Common Stock (subject to adjustments as provided in Paragraph 5). An outside director may not receive more than one Nonqualified Option under this paragraph in any calendar year. Notwithstanding anything in this Plan to the contrary, the purchase price per share of the Common Stock covered by each Nonqualified Option granted pursuant to this paragraph shall be 100 percent of the fair market value of the stock on the date on which such option is granted. Each Nonqualified Option granted automatically to a nonemployee director under this paragraph and all rights or obligations thereunder shall become exercisable on the first anniversary of the date of grant, shall terminate on the tenth anniversary of the date of grant, and shall be subject to earlier termination as follows: (1) if an outside director's services as a member of the Board terminate for any reason other than total disability, death or retirement, any portion of a Nonqualified Option granted pursuant to this paragraph which is not then exercisable shall terminate and any portion of such Nonqualified Option which is then exercisable may be exercised for two years after the date of such termination or until the expiration of the stated term, whichever first occurs; (2) if an outside director's services as a member of the Board terminate because of total disability (as determined by the Committee) or death, then all Nonqualified Options granted pursuant to this paragraph shall become immediately exercisable and may be exercised for two years after the effective date of the termination of service or until the expiration of the stated term, whichever occurs first; and (3) if an outside director retires on or after age 65 and after ten years of service as a member of the Board, all Options granted pursuant to this paragraph shall become immediately exercisable and may be exercised for five years after the date of retirement or until the expiration of the stated term, whichever occurs first. Notwithstanding anything in this Section 9 to the contrary, no further options shall be granted to outside directors pursuant to this Section 9 from and after December 1, 2011

10. Stock Option Price: Subject to the rules set forth in this Paragraph 10 and to the provisions in Paragraph 9 above relating to automatic Nonqualified Options issued to outside directors, the Committee, in its Discretion, shall establish the price per share for which the shares covered by the option may be purchased. With respect to an Incentive Option, such option price shall not be less than 100% of the fair market value of the stock on the date on which such option is granted; provided, however, that with respect to an Incentive Option granted to a Participant who at the time of the grant owns (after applying the attribution rules of Section 424(d) of the Code) more than 10% of the total combined voting stock of the Corporation or of any parent or Subsidiary, the option price shall not be less than 110% of the fair market value of the stock on the date such option is granted. With respect to a Nonqualified Option, the option price shall not be less than 100% of the fair market value of the

Table of Contents

stock on the date such option is granted. Fair market value of a share shall be determined by the Committee and may be determined by taking the mean between the highest and lowest quoted selling prices of the Corporation's stock on any exchange or other market on which the shares of Common Stock of the Corporation shall be traded on such date or, if there are no sales on such date, on the next preceding or following day on which there are sales. The option price shall be subject to adjustment in accordance with the provisions of Paragraph 5 of the Plan.

11. Payment of Stock Option Price: At the time of the exercise in whole or in part of any stock option granted hereunder, payment of the option price in full in cash or, with the consent of the Committee, in Common Stock of the Corporation or by a promissory note payable to the order of the Corporation which is acceptable to the Committee, shall be made by the Participant for all shares so purchased. Such payment may, with the consent of the Committee, also consist of a cash down payment and delivery of such a promissory note in the amount of the unpaid exercise price. In the Discretion of, and subject to such conditions as may be established by, the Committee, payment of the option price may also be made by the Corporation retaining from the shares to be delivered upon exercise of the stock option that number of shares having a fair market value on the date of exercise equal to the option price of the number of shares with respect to which the Participant exercises the option. In the Discretion of the Committee, a Participant may exercise an option, if then exercisable, in whole or in part, by delivery to the Corporation of written notice of the exercise in such form as the Committee may prescribe, accompanied by irrevocable instructions to a stock broker to promptly deliver to the Corporation full payment for the shares with respect to which the option is exercised from the proceeds of the stock broker's sale of or loan against some or all of the shares (a "Regulation T Stock Option Exercise"). In the event the Corporation then has in effect a stock repurchase program, in its Discretion and subject to such terms and conditions as it may impose, the Committee may permit a Participant to exercise an option and pay the option price by delivering to the Corporation a written notice of exercise which includes a request that the Corporation repurchase (and retain the repurchase price of) that number of the option shares having a fair market value on the date of exercise equal to the option price of the number of shares with respect to which the Participant exercises the option. Such payment may also be made in such other manner as the Committee determines is appropriate, in its Discretion. No Participant shall have any of the rights of a shareholder of the Corporation under any stock option until the actual issuance of shares to said Participant, and prior to such issuance no adjustment shall be made for dividends, distributions or other rights in respect of such shares, except as provided in Paragraph 5.

12. Stock Appreciation Rights: Subject to the terms of the Plan, the Committee may grant stock appreciation rights to Participants either in conjunction with, or independently of, any stock options granted under the Plan. A stock appreciation right granted in conjunction with a stock option may be an alternative right wherein the exercise of the stock option terminates the stock appreciation right to the extent of the number of shares purchased upon exercise of the stock option and, correspondingly, the exercise of the stock appreciation right terminates the stock option to the extent of the number of shares with respect to which the stock appreciation right is exercised. Alternatively, a stock appreciation right granted in conjunction with a stock option may be an additional right wherein both the stock appreciation right and the stock option may be exercised. A stock appreciation right may not be granted in conjunction with an Incentive Option under circumstances in which the exercise of the stock appreciation right affects the right to exercise the Incentive Option or vice versa, unless the stock appreciation right, by its terms, meets all of the following requirements:

- (a) the stock appreciation right will expire no later than the Incentive Option;
- (b) the stock appreciation right may be for no more than the difference between the option price of the Incentive Option and the fair market value of the shares subject to the Incentive Option at the time the stock appreciation right is exercised;
- (c) the stock appreciation right is transferable only when the Incentive Option is transferable, and under the same conditions;
- (d) the stock appreciation right may be exercised only when the Incentive Option is eligible to be exercised; and

Table of Contents

- (e) the stock appreciation right may be exercised only when the fair market value of the shares subject to the Incentive Option exceeds the option price of the Incentive Option.

Upon exercise of a stock appreciation right, a Participant shall be entitled to receive, without payment to the Corporation (except for applicable withholding taxes), an amount equal to the excess of or, in the Discretion of the Committee, a portion of the excess of (i) the then aggregate fair market value of the number of shares with respect to which the Participant exercises the stock appreciation right, over (ii) the aggregate fair market value of such number of shares at the time the stock appreciation right was granted. This amount shall be payable by the Corporation, in the Discretion of the Committee, in cash, in shares of Common Stock of the Corporation, in other property or any combination thereof.

13. Granting and Exercise of Stock Options and Stock Appreciation Rights: Subject to the provisions of this Paragraph 13 and to the provisions in Paragraph 9 above relating to automatic Nonqualified Options issued to outside directors, each stock option and stock appreciation right granted hereunder shall be exercisable at any such time or times or in any such installments as may be determined by the Committee; provided, however, that the aggregate fair market value (determined at the time the option is granted) of the stock with respect to which Incentive Options are exercisable for the first time by a Participant during any calendar year shall not exceed \$100,000. A Participant may exercise a stock option or stock appreciation right, if then exercisable, in whole or in part, by delivery to the Corporation of written notice of the exercise, in such form as the Committee may prescribe, accompanied, in the case of a stock option, by payment for the shares with respect to which the stock option is exercised as provided in Paragraph 11 (unless the Committee, in its Discretion, permits a cashless form of option exercise permitted by Paragraph 11). Except as provided in Paragraph 17, stock options and stock appreciation rights may be exercised only while the Participant is an employee, outside director, consultant or advisor, as the case may be, of the Corporation or a Subsidiary. Successive stock options and stock appreciation rights may be granted to the same Participant, whether or not the stock option(s) and stock appreciation right(s) previously granted to such Participant remain unexercised. A Participant may exercise a stock option or stock appreciation right, if then exercisable, notwithstanding that stock options and stock appreciation rights previously granted to such Participant remain unexercised.

14. Non-transferability of Stock Options and Stock Appreciation Rights: No stock option or stock appreciation right granted under the Plan to a Participant shall be transferable by such Participant otherwise than by will, or by the laws of descent and distribution, and stock options and stock appreciation rights shall be exercisable, during the lifetime of the Participant, only by the Participant. Notwithstanding the foregoing, in its Discretion and subject to such terms and conditions as it may prescribe, the Committee may permit a Participant to transfer a Nonqualified Option or a related or independently granted stock appreciation right.

15. Term of Stock Options and Stock Appreciation Rights: If not sooner terminated, each stock option and stock appreciation right granted hereunder shall expire not more than ten (10) years from the date of the granting thereof; provided, however, that with respect to an Incentive Option granted to a Participant who, at the time of the grant, owns (after applying the attribution rules of Section 424(d) of the Code) more than 10% of the total combined voting stock of all classes of stock of the Corporation or any parent or Subsidiary, such option shall expire not more than five (5) years after the date of granting thereof.

16. Continuation of Employment: Subject to the provisions of Paragraph 9 above relating to automatic Nonqualified Options issued to outside directors, the Committee may require, in its Discretion, that any Participant under the Plan to whom a stock option or a stock appreciation right shall be granted shall agree in writing as a condition of the granting of such stock option or stock appreciation right to remain an employee, consultant, advisor or outside director of the Corporation or a Subsidiary, as the case may be, for a designated minimum period from the date of the granting of such stock option or stock appreciation right as shall be fixed by the Committee, and the Committee may further require, in its Discretion, that any Participant agree in writing to comply with any confidentiality, non-solicitation, non-competition and non-disparagement provisions and covenants that the Committee may require as a condition precedent to the exercise of a stock option or a stock appreciation right.

Table of Contents

17. Termination of Employment: Subject to the provisions of Paragraph 9 above relating to automatic Nonqualified Options issued to outside directors, if the employment of an employee Participant terminates, if the consultancy or advisorship of a consultant or advisor Participant terminates, or if an outside director Participant ceases to be a director (hereinafter collectively referred to as a “termination of employment”), the Committee may, in its Discretion, permit the exercise of stock options and stock appreciation rights granted to such Participant (a) for a period not to exceed three months following such termination of employment (or one year following termination of employment on account of the Participant’s death or permanent disability) with respect to Incentive Options or related stock appreciation rights, and (b) for a period not to extend beyond the expiration date with respect to Nonqualified Options or related or independently granted stock appreciation rights. In no event, however, shall a stock option or a stock appreciation right be exercisable subsequent to its expiration date. A stock option or stock appreciation right may only be exercised after a Participant’s termination of employment to the extent exercisable on the date of termination of employment; provided, however, that if the termination of employment is due to the Participant’s death, permanent disability or retirement at a retirement age permitted under the Corporation’s or Subsidiary’s retirement plan or policies, or if the termination of employment results from action by the Corporation or a Subsidiary without cause or from an agreement between the Corporation or a Subsidiary and the Participant (hereinafter collectively referred to as a “qualifying termination of employment”), the Committee, in its Discretion, may permit all or part of the stock options and stock appreciation rights granted to such Participant to thereupon become exercisable in full or in part. For purposes of this Paragraph 17 and any other provision of the Plan where the term is used, the Committee’s definition of “cause” shall be final and conclusive.

18. Restricted Stock or Restricted Stock Units: Subject to the terms of the Plan, the Committee may award Participants shares of restricted stock and/or the Committee may grant Participants restricted units with respect to a specified number of shares of stock. All shares of restricted stock and all restricted stock units granted to Participants under the Plan shall be subject to the following terms and conditions (and to such other terms and conditions prescribed by the Committee):

- (a) At the time of each award of restricted shares or restricted stock units, there shall be established for the shares or units a restricted period, which period may differ among Participants and may have different expiration dates with respect to portions of shares or units covered by the same award. Notwithstanding the foregoing, (i) the restricted period for non-performance-based restricted stock awards (excluding those awards described in (iii) below) shall not be less than three years (ii) the restricted period for performance-based restricted stock awards shall not be less than one year and (iii) the restricted period for non-performance-based restricted stock awards that are granted to Participants who elect to receive such awards in lieu of a cash bonus shall not be less than one year.
- (b) Unless otherwise provided in the written grant agreement, shares of restricted stock or restricted stock units granted to a Participant may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered during the restricted period applicable to such shares or units. Except for such restrictions on transfer, a Participant may be provided all of the rights of a shareholder in respect of restricted shares including, but not limited to, the right to receive dividends on, and the right to vote, the shares. A Participant shall have no ownership interest in shares of stock with respect to which restricted stock units are granted; provided, however, that the Committee may, in its Discretion, permit payment to such Participant of dividend equivalents on such units equal to the amount of dividends, if any, which are paid on that number of shares with respect to which the restricted stock units are granted.
- (c) Unless otherwise provided in the written grant agreement, if there is a termination of employment of a Participant, all shares or units granted to the Participant which are still subject to the restrictions imposed by Paragraph 18(b) shall upon such termination of employment be forfeited and transferred back to the Corporation, without payment of any consideration by the Corporation; provided, however, that in the event of a qualifying termination of employment, the Committee may, in its Discretion, release some or all of the shares or units from the restrictions. In addition to or in lieu of conditioning

Table of Contents

the release of restrictions applicable to restricted shares or restricted stock units on the continued employment of the Participant for the restricted period applicable to the shares or units, the Committee may condition release of the restrictions on the attainment of one or more performance goals during the restricted period (hereinafter referred to as a “performance-based restricted share or restricted stock unit award”).

- (d) The performance goal(s) applicable to a performance-based restricted share or restricted stock unit award shall be based upon free cash flow, cash flow return on investment, stock price, market share, sales, revenues, earnings per share, return on equity, total stockholder return, costs, net income, working capital turnover, inventory or receivable turnover and/or margins of the Corporation, a Subsidiary, or a division or unit thereof. The specific targets and other details of the performance goal(s) shall be established by the Committee, in its Discretion. A performance goal must, however, be objective so that a third party with knowledge of the relevant facts could determine whether the goal has been attained. The performance goal(s) applicable to a performance-based restricted share or restricted stock unit award shall be established by the Committee in writing on or before the date the award is made, and there must be substantial uncertainty whether a performance goal(s) will be attained at the time it is established by the Committee.
- (e) Unless otherwise determined by the Committee in the case of a Participant who dies or becomes permanently disabled, the restrictions imposed by Paragraph 18(b) on restricted shares or restricted stock units subject to a performance-based restricted share or restricted stock unit award shall lapse only after (i) the attainment of the performance goal(s) during the restricted period, and (ii) issuance of a written certification by the Committee (including approved minutes of the meeting of the Committee at which the certification is made) that the performance goal(s) and any other material terms of the award have been attained or satisfied. If the performance goal(s) applicable to a performance-based restricted share or restricted stock unit award has not been attained by the end of the restricted period, the shares or units subject to the award shall be forfeited and transferred back to the Corporation by the Participant, without payment of any consideration by the Corporation.
- (f) Shares of restricted stock (including shares of performance based restricted stock) granted under the Plan may be evidenced in such manner as the Committee may deem appropriate, including, without limitation, book-entry registration or issuance of stock certificates. If stock certificates are issued in respect of shares of restricted stock, such certificates shall be registered in the name of the Participant, deposited with the Corporation or its designee, together with a stock power endorsed in blank, and, in the Discretion of the Committee, a legend shall be placed upon such certificates reflecting that the shares represented thereby are subject to restrictions against transfer and forfeiture.
- (g) After the expiration of the restricted period applicable to restricted shares (and/or, in the case of performance-based restricted shares, after attainment of the applicable performance goal(s) and issuance of the written certification by the Committee pursuant to Paragraph 18(e)), the Corporation shall deliver to the Participant or the legal representative of the Participant’s estate stock certificates for such shares. If stock certificates were previously issued for the shares and a legend has been placed on such certificate, the Corporation shall cause such certificates to be reissued without the legend.
- (h) After the expiration of the restricted period applicable to restricted stock units (and/or, in the case of performance-based restricted stock units, after attainment of the applicable performance goal(s) and issuance of the written certification by the Committee pursuant to Paragraph 18(e)), the Corporation shall pay to the Participant an amount equal to the then fair market value of the shares to which the restricted stock units relate. In the Discretion of the Committee, such amount may be paid in cash, stock, other property or any combination thereof; provided, however, that the amount of cash and the value of any other property paid to a Participant during any calendar year in settlement of a performance-based restricted stock unit award shall not exceed \$1 million. Moreover, in the Discretion of the Committee, such amount may be paid in a lump sum or in installments, on a current or deferred basis, with provision for the payment or crediting of an additional amount on installment or deferred

payments based upon a reasonable rate of interest or the actual rate of return on one or more predetermined specific investments, in the Discretion of the Committee.

In the case of events such as stock dividends, stock splits, recapitalizations, mergers, consolidations or reorganizations of or by the Corporation any stock, securities or other property which a Participant receives or is entitled to receive by reason of his ownership of restricted shares (including performance-based restricted shares) shall, unless otherwise determined by the Committee, be subject to the same restrictions applicable to the restricted shares.

Performance-based restricted share and restricted stock unit awards under the Plan are intended to constitute qualified performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the Treasury Regulations thereunder, and the provisions of this Paragraph 18 (and the other provisions of the Plan relating to performance-based restricted share and restricted stock unit awards) shall be interpreted and administered to effectuate that intent. Moreover, the Committee may revise or modify the requirements of this Paragraph 18 or the terms of outstanding performance-based restricted share and restricted stock unit awards to the extent the Committee determines, in its Discretion, that such revision or modification is necessary for such awards to constitute qualified performance-based compensation.

Outside directors who are first elected or appointed to the Corporation's Board after December 1, 2011 shall be granted automatically (without any action by the Committee or the Board) an award of a number of shares of restricted common stock equal to (i) \$4,167, multiplied by (ii) the number of full months between the date of such election or appointment and the first anniversary of the last completed annual meeting of the Corporation's stockholders, and divided by (iii) the closing price of the Corporation's common stock on such date. In addition, on January 3, 2012, each outside director then in office shall be granted automatically (without any action by the Committee or the Board) an award of a number of shares of restricted common stock equal to \$20,833 divided by the closing price of the Corporation's common stock on such date. In addition, on the date of each annual meeting of the Corporation's stockholders, beginning with such meeting held during 2012, each outside director then in office shall be granted automatically (without any action by the Committee or the Board) an award of a number of shares of restricted common stock equal to \$50,000 divided by the closing price of the Corporation's common stock on such date. The restricted period with respect to each share of restricted stock granted under this paragraph shall lapse on the date of the annual meeting of stockholders held during the calendar year following the date of grant or, if earlier, on the first anniversary of the date of grant, except that, in the case of the restricted stock granted on January 3, 2012, such restricted period shall lapse on January 3, 2013, in each case so long as the applicable director remains a director through such date. Restricted stock granted pursuant to this paragraph shall be forfeited and immediately returned to the Company if the applicable director ceases to be a director prior to the date the restrictions with respect to such restricted stock are to lapse, except that if an outside director's services as a member of the Board terminates because of (1) total disability (as determined by the Committee), (2) death or (3) retirement on or after age 65 and after at least ten years of service as a member of the Board, then all restrictions with respect to the restricted stock granted pursuant to this paragraph shall immediately lapse upon the occurrence of such event. For clarity, any shares of restricted stock granted to a director under the Amerigon Incorporated 2006 Equity Incentive Plan on a particular date shall reduce the number of shares of restricted stock otherwise to be granted to the same director on the same date under this Section 18.

19. Performance Shares: The Committee may grant to a Participant the right to obtain performance shares subject to the following terms and conditions:

- (a) The Participant's right to obtain performance shares shall be subject to attainment of one or more performance goals over a performance period prescribed by the Committee.
- (b) The performance goal applicable to an award to a Participant of the right to obtain performance shares shall be based upon free cash flow, cash flow return on investment, stock price, market share, sales, revenues, earnings per share, return on equity, total stockholder return, costs, net income, working capital turnover, inventory or receivable turnover and/or margins of the Corporation, a Subsidiary, or a division or unit thereof. The specific targets and other details of the performance goal shall be

established by the Committee in its Discretion. A performance goal must, however, be objective so that a third party with knowledge of the relevant facts could determine whether the goal has been attained.

- (c) The performance goal applicable to an award to a Participant of the right to obtain performance shares shall be established by the Committee in writing at any time during the period beginning on the date of the award and ending on the earlier of (i) ninety (90) days after commencement of the performance period applicable to the award, or (ii) expiration of the first 25% of the performance period; provided, however, that there must be substantial uncertainty whether a performance goal will be attained at the time it is established by the Committee.
- (d) The performance goal established by the Committee must prescribe an objective formula or standard, that could be applied by a third party having knowledge of the relevant performance results, to compute the number of performance shares issuable to the Participant if the goal is attained.
- (e) Unless otherwise determined by the Committee in the case of a Participant who dies or becomes permanently disabled, performance shares shall be issued to a Participant only after (i) expiration of the performance period and attainment of the performance goal applicable to the award, and (ii) issuance of a written certification by the Committee (including approved minutes of the meeting of the Committee at which the certification is made) that the performance goal and any other material terms of the award have been attained or satisfied.
- (f) No Participant shall have any of the rights of a shareholder of the Corporation in respect of the shares covered by a performance share award until the actual issuance of the shares to said Participant and, prior to such issuance, no adjustments shall be made for dividends, distributions or other rights in respect of such shares, except as provided in Paragraph 5.
- (g) In its Discretion and subject to such terms and conditions as it may impose, the Committee may permit a Participant to elect to defer receipt of performance shares to a time later than the time the shares otherwise would be issued to the Participant. In such event, the Committee may, in its Discretion, provide for the payment by the Corporation of an additional amount representing interest at a reasonable rate or the actual rate of return on one or more predetermined specific investments, as determined by the Committee.
- (h) In the Discretion of the Committee, in lieu of settling a performance share award by issuance of shares of Common Stock of the Corporation to a Participant, all or a portion of the award may be settled by payment of cash or other property to the Participant in an amount or having a value equal to the then value of the otherwise issuable shares; provided, however, that the amount of cash and the value of any other property paid to any Participant during any calendar year in settlement of a performance share award shall not exceed \$1,000,000.
- (i) Unless otherwise determined by the Committee, performance shares or rights therein awarded to a Participant may not be sold, assigned, transferred, pledged, hypothecated or otherwise encumbered by the Participant at any time before actual issuance of the shares to the Participant.
- (j) In its Discretion, the Committee may subject a performance share award to a Participant to any other terms or conditions not inconsistent with the foregoing, including, without limitation, a requirement that the Participant remain an employee of the Corporation or a Subsidiary (including at or above a specified salary grade), or that the Participant remain a consultant, advisor or outside director of the Corporation or a Subsidiary, for the entire performance period applicable to the award.

Performance share awards under the Plan are intended to constitute qualified performance-based compensation for purposes of Section 162(m)(4)(C) of the Code and the Treasury Regulations thereunder, and the provisions of this Paragraph 19 (and the other provisions of the Plan relating to performance share awards) shall be interpreted and administered to effectuate that intent. Moreover, the Committee may revise or modify the requirements of this Paragraph 19 or the terms of outstanding performance share awards to the extent the Committee determines, in its Discretion, that such revision or modification is necessary for such awards to constitute qualified performance-based compensation.

20. Other Stock-Based Awards: The Committee may grant to Participants such other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of Common Stock of the Corporation as are deemed by the Committee, in its Discretion, to be consistent with the purposes of the Plan; provided, however, that such grants must comply with applicable law. Without limitation, the Committee may permit a Participant to make a current, outright purchase of shares of Common Stock of the Corporation, which shares may or may not be subject to any restrictions or conditions, for a price equal to, less than or greater than the then fair market value of the shares, with the price payable by the Participant in such form and manner and at such time as determined by the Committee in its Discretion.

21. Investment purpose: If the Committee, in its Discretion, determines that as a matter of law such procedure is or may be desirable, it may require a Participant, upon any acquisition of stock hereunder and as a condition to the Corporation's obligation to deliver certificates representing such shares, to execute and deliver to the Corporation a written statement in form satisfactory to the Committee, representing and warranting that the Participant's acquisition of shares of stock shall be for such person's own account, for investment and not with a view to the resale or distribution thereof and that any subsequent offer for sale or sale of any such shares shall be made either pursuant to (a) a Registration Statement on an appropriate form under the Securities Act of 1933, as amended (the "Securities Act"), which Registration Statement has become effective and is current with respect to the shares being offered and sold, or (b) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption the Participant shall, prior to any offer for sale or sale of such shares, obtain a favorable written opinion from counsel for or approved by the Corporation as to the availability of such exemption. The Corporation may endorse an appropriate legend referring to the foregoing restriction upon the certificate or certificates representing any shares issued or transferred to the Participant under the Plan.

22. Rights to Continued Employment: Nothing contained in the Plan or in any Award granted pursuant to the Plan, nor any action taken by the Committee hereunder, shall confer upon any Participant any right with respect to continuation of employment or service as an employee, consultant, advisor or outside director of the Corporation or a Subsidiary nor interfere in any way with the right of the Corporation or a Subsidiary to terminate such person's employment or service at any time with or without cause.

23. Withholding Payments: If, upon the grant, exercise, release of restrictions or settlement of or in respect of an Award, or upon any other event or transaction under or relating to the Plan, there shall be payable by the Corporation or a Subsidiary any amount for income or employment tax withholding, in the Committee's Discretion, either the Corporation shall appropriately reduce the amount of stock, cash or other property to be paid to the Participant or the Participant shall pay such amount to the Corporation or Subsidiary to enable it to pay or to reimburse it for paying such income or employment tax withholding. The Committee may, in its Discretion, permit Participants to satisfy such withholding obligations, in whole or in part, by electing to have the amount of Common Stock delivered or deliverable by the Corporation in respect of an Award appropriately reduced, or by electing to tender Common Stock back to the Corporation subsequent to receipt of such stock in respect of an Award. The Corporation or any of its Subsidiaries shall also have the right to withhold the amount of such taxes from any other sums or property due or to become due from the Corporation or any of its Subsidiaries to the Participant upon such terms and conditions as the Committee shall prescribe. The Corporation may also defer issuance of stock under the Plan until payment by the Participant to the Corporation or any of its Subsidiaries of the amount of any such tax. In the case of a Regulation T Stock Option Exercise, the Committee may in its Discretion permit the Participant to irrevocably instruct a stock broker to promptly deliver to the Corporation an amount (in addition to the option exercise price) equal to any withholding tax owing in respect of such option exercise from the proceeds of the stock broker's sale of or loan against some or all of the shares. In the event the Corporation then has in effect a stock repurchase program, in its discretion and subject to such terms and conditions as it may impose, the Committee may permit Participants to satisfy their withholding tax obligations by requesting that the Corporation repurchase (and retain the repurchase price of) that number of shares issuable or issued under the Plan having a then fair market value equal to the amount of withholding tax due. The Committee may make such other arrangements with respect to income or employment tax withholding as it shall determine.

24. Change in Control: Notwithstanding any other provision of the Plan or any provision of a grant or award agreement, in the event the Committee determines that there has been or will be a change in control of the Corporation, the Committee may, without the consent of the holder, provide for any treatment of outstanding Awards which it determines, in its Discretion, to be appropriate. Such treatment may include, without limitation, acceleration of vesting of stock options and stock appreciation rights, release of restrictions applicable to restricted stock or restricted stock units, or deeming performance share awards and performance-based restricted share and restricted stock unit awards to have been earned.

For purposes of the Plan, a “change in control” shall mean any of the following: (a) the consummation of a merger, consolidation or reorganization involving the Corporation, unless securities representing more than fifty percent (50%) of the total combined voting power of the voting securities of the successor corporation are immediately thereafter beneficially owned, directly or indirectly and in substantially the same proportion, by the persons who beneficially owned the Corporation’s outstanding voting securities immediately prior to such transaction; (b) the consummation of a transfer, sale or other disposition, in one or a series of related transactions, of all or substantially all of the Corporation’s assets to any individual entity or group (a “Person”) (other than any Person that is directly controlled by or under common control with the Corporation); (c) the consummation of an acquisition, directly or indirectly, by any Person (other than the Corporation or any Person that is directly controlled by or under common control with the Corporation), of beneficial ownership (within the meaning of Rule 13d-3 of the Securities Exchange Act of 1934, as amended) of securities possessing more than fifty percent (50%) of the total combined voting power of the Corporation’s outstanding securities; (d) individuals who, as of the date hereof, constitute the Board (the “Incumbent Board”) cease for any reason to constitute at least a majority of the Board; provided that, any individual who becomes a director of the Corporation subsequent to the date hereof whose election, or nomination for election, by the Corporation’s shareholders was approved by the vote of at least a majority of the Independent Directors (as defined by Nasdaq Marketplace Rule 4200a(15) or, if the Corporation ceases to be listed on The Nasdaq Stock Market and is instead listed on another stock exchange, then as defined by the applicable rules of such other stock exchange) then comprising the Incumbent Board shall be deemed a member of the Incumbent Board; or (e) the consummation of a complete liquidation or dissolution of the Corporation. In no event, however, shall a Change in Control be deemed to occur in connection with (a) a merger or reorganization of the Corporation, the sole purpose of which is to reincorporate the Corporation in a different state, or (b) any public offering of stock, the primary purpose of which is to raise additional capital.

25. Prohibition on Repricing: Except in connection with a corporate transaction involving the Corporation (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding stock options or stock appreciation rights or cancel outstanding stock options or stock appreciation rights in exchange for cash, other Awards or stock options or stock appreciation rights with an exercise price that is less than the exercise price of the original stock options or stock appreciation rights without stockholder approval.

26. Prohibition on Liberal Share Counting: The following shares of Common Stock shall not become available for issuance under the Plan: (a) shares of Common Stock tendered by Participants as full or partial payment to the Corporation upon exercise of stock options granted under this Plan; (b) shares of Common Stock reserved for issuance upon grant of stock appreciation rights, to the extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the stock appreciation rights; and (c) shares of Common Stock withheld by, or otherwise remitted to, the Corporation to satisfy a Participant’s tax withholding obligations upon the lapse of restrictions on restricted stock or the exercise of stock options or stock appreciation rights granted under the Plan or upon any other payment or issuance of shares under the Plan.

27. Effectiveness of Plan: The Plan shall be effective on the date the Board adopts the Plan, provided that the shareholders of the Corporation approve the Plan within twelve (12) months of that date. Awards may be granted prior to shareholder approval of the Plan, but each such Award shall be subject to shareholder approval of the Plan. Without limitation, no stock option or stock appreciation right may be exercised and no performance or

[Table of Contents](#)

other shares may be issued prior to shareholder approval, and any restricted stock or restricted stock units awarded are subject to forfeiture if such shareholder approval is not obtained.

28. Termination, Duration and Amendments of Plan: The Plan may be abandoned or terminated at any time by the Board. Unless sooner terminated by the Board, the Plan shall terminate on the date ten (10) years after its adoption by the Board, and no Awards may be granted thereafter. The termination of the Plan shall not affect the validity of any Award outstanding on the date of termination.

For the purpose of conforming to any changes in applicable law or governmental regulations, or for any other lawful purpose, the Board shall have the right, without approval of the shareholders of the Corporation, to amend or revise the terms of the Plan at any time; provided however, that no such amendment or revision shall (i) with respect to the Plan, increase the maximum number of shares in the aggregate which are subject to the Plan or with respect to which Awards may be made to individual Participants or with respect to which Awards may be issued in the form of restricted stock, restricted stock units, Performance Shares or other stock-based awards (subject in each case, however, to the provisions of Paragraph 5), materially change the class of persons eligible to be Participants under the Plan, establish additional and different business criteria on which performance goals applicable to performance share awards or performance-based restricted share or restricted stock unit awards are based, or materially increase the benefits accruing to Participants under the Plan, without approval or ratification of the shareholders of the Corporation; or (ii) with respect to an Award previously granted under the Plan, except as otherwise specifically provided in the Plan, alter or impair any such Award without the consent of the holder thereof.

29. Section 409A of the Code. It is intended that Awards granted under the Plan either be excluded from or comply with the requirements of Section 409A of the Code and the guidance and regulations issued thereunder and, accordingly, to the maximum extent permitted, the Plan and agreements granting Awards shall be interpreted consistent with such intent. In the event that any Award is subject to but fails to comply with Code Section 409A, the Corporation may revise the terms of the grant to correct such noncompliance to the extent permitted under any guidance, procedure or other method promulgated by the Internal Revenue Service now or in the future or otherwise available that provides for such correction as a means to avoid or mitigate any taxes, interest or penalties that would otherwise be incurred by the Participant on account of such noncompliance. Provided, however, that in no event whatsoever shall the Corporation be liable for any additional tax, interest or penalty imposed upon or other detriment suffered by a Participant under Code Section 409A or damages for failing to comply with Code Section 409A.
